

The University of The Peoples and The Twelve Portals of Dustuny

(The Soul Evolution University for the identification
and the mastering of your morals and abilities)

Planet of Dustuny

Presenting The University of The Peoples and The Twelve Portals of Dustuny

The University of The Peoples has been established for your Soul's Evolution. Your SOUL arrives with a definite purpose. The University shows you your purpose, explains it, and reveals to you who your Teachers are. It further reveals who you are to Teach. Therefore, the title university is spelled "University" when it refers to The Peoples! It is pronounced the same; however, retaining the "e" reveals the Universe; see/se, i.e., vision; and, t/ty (Earth).

Each subject involves morals and functional capacities that collectively, when learned, results in Higher SOULS and therefore, a higher functioning population of People. Instead of relying on machines and gadgets, you can Evolve and you won't need those objects in your life.

You are given a lifetime to learn your lessons. Those lessons should begin when you are born, as soon as possible, because you are on Earth to Master them fully. The Teachers, when they were in the Spirit Realm, made the committed obligation to fulfill your needs on Earth. It isn't necessary to always have the same Teacher.

When each Teacher doesn't Teach their Mastery then, those Souls who came to learn from them, remain deficient of that knowledge. The results are that their students are dysfunctional and The Teacher is the Person responsible for their problems. The larger the quantity of the population, who are in this dilemma, the greater the complete society dysfunctions.

Everyone is free to mobilize because the matching of correct Teachers, with correct students, is endless and it can occur anywhere on the planet. The Universe designed a perfectly beautiful way for you to Evolve your SOUL.

Your Soul learns its Evolution. Therefore, you need your SOUL to Evolve! A Light Being has Mastered all the lessons to become a Light Being. Together, "wee" are The Rainbow Tribe of Light Beings.

The dark souls are walking full of pharmaceutical drugs to compensate for their lack of, and to camouflage, hatred, jealousy, dishonesty, inability to socialize, thievery, sexual perversion, desires to kill, fear, etc. Dark souls are highly dysfunctional in personal and spiritual ways (lower case "p/s" = darkness). The dark souls conquer other Persons and countries, etc. The dark souls have escaped all of their Life-lessons. They have escaped further, than a convict can escape, because the dark souls are Life-Path Escapees! In contrast, the High Soul has Mastered all of their Life-lessons and morals! They have conquered themselves! They have Mastered themselves!

A good movie to see is, "Young Adult," with Charlize Theron. The plot excellently shows how the average Person has become a success in Big business after leaving their small hometown. Her career success is the result of her Life-Mastery. She came to Earth, full of expert knowledge to utilize, for herself, and to Teach those who came to learn from her.

However, her Personal life is disastrous; yet, she tries to hide that reality. You will see, as her life progresses, how she bounces into her career (one Person) but, after the day's work is over, she hurdles into the dysfunctional part of herself (another Person). She is the typical young adult! She actually has a Life-lesson she hasn't learned and as a result has become a total victim by her mid-thirties. Her problem is that all of her Teachers never followed through on their commitment.

Is she available to Teach during her non-career hours or can she study with her Teacher while she is passed out because she, previously, didn't learn her Life-lesson for twenty-five years? The answers are No! She is half a baby, inside herself, but her physical body matured.

She misrepresents her inner void, just like everyone else does, until it becomes bigger than their Mastery can camouflage for them, each day! Can this void be repaired by a quick visit to a Counselor, Psychiatrist, Therapist, or Psychologist once a week? Twenty-five years of needed experience and understanding of how to handle those experiences correctly, to survive, can't be accomplished in a one hour visit per week. In the world of reality, it takes twenty-four hours per day of the Person's entire life, for them to effectively function in their Life-lesson.

An example of the world's repair kit for the unlearned Life-lesson: One of the Life-lessons is to Master all the senses, including the sense of direction. The GPS device is the perfect tool that prevents, those Persons, from ever developing that quality, inwardly. However, machines can't do morals for them!

The word machine actually pronounces mashine where the "shi" refers to where the evil is located. Further, "mash" of mashine says that the inner growth of the Person, was "mashed" or crushed by using the machine/mashine. The "shine" portion of mashine lets us know that it came from the evil of the "monkey shine" (refers to bad behavior in the southern states of the U.S.A.)

Of what are you to become the virtuoso? Am I referring to you playing the violin? Maybe, yet for others, no. I see that all talents, morals, abilities, i.e., Life-lessons are to reach virtuoso levels. How? Should the word virtuoso be used just for the Violinist or Pianist? The entertainment industry has passively and incorrectly lead us to believe that it was talent or intelligence that helped them to become so advanced musically? Maybe, a reality that is bigger than violins needs to be recognized?

Virtuoso refers to "virtue" and virtue defines as "behavior showing high moral standards such as honesty, respectability, lovable, or responsibility." Therefore, all The Twelve Life-lessons in The

Universety of The Peoples, via The Portals of Dustuny, are to be honestly Mastered, so that each of you is The Universe's Virtuoso in your Life-lesson.

We are sprinkled with start dust? Everything is a vibration; therefore, the "dust" or vibration, from those stars, arrived to Earth. You are that "dust" from your Planet of Dustuny. It is another way of saying that the Earth is dirt or, even finer, "dust". You are the Earth, i.e., Mother Earth is your Planet of Dustuny.

Further, the influence of the "dust", upon you vibrationally, is the music or tune that is the "tuny" portion of Dustuny. You are here to harmonize with the tune in Mother Earth's dust. My book, Sound Truth, offers additional information on this subject.

The stars have an affect upon all of us. Their "affect" is full of affection or LOVE to help us become correct (from the "core" of yourself) musical beings full of songs vocally. Your "call" is to produce the sound, from your vocal chords (your body), to Teach your Mastery knowledge to everyone who came to learn that knowledge. You are their library, who travels to them!

Look at the first five letters of devolve and develop . . . they are extremely similar. Develop contains evel/evil and "elop(e)" which means to run away from evil, by going in the opposite direction. This is the moment, in your life, that you reverse your devolution (devolve) and, instead, you EVOLVE your own SOUL's purpose! What is your SOUL's ultimate quest?

Your Soul's complete quest it to totally Master all the Twelve Life-lessons (each contains numerous sub-categories) and, thereafter, be a Light Being! Brilliant Light, from the inside of yourselves, with perfect morals, while being capable of fully functioning in all areas of life every day!

This accomplishment, will eventually, result in an extremely Highly functioning, happy, healthy, moral, and LOVING

POPULATION of PEOPLES. Currently, most of our lives are severely abused and the same pathetic abuse, has been done to this Earth. All of this abuse is constantly enforced by greatly dysfunctional and devolved beings. Turn your Light on! Lead the way to functional living!

The book, Stories For Future Generations, is Paul John's Mastery Storytelling of oral Tribal Knowledge that has been told "to create a moral universe!" His stories are ancient and very important. Also, Gloria Steinem wrote, Revolution From Within, in which she, with keen insight, exposes an enormous quantity of problems and those who can and have solved the dysfunctional set-ups, implemented by the dominant society. She is absolutely powerful, intelligent, has courage to speak her Truth, and can help you to swiftly see all of it with great writing skills.

Thus, wee, The People, in order to form The Rainbow Tribe of The Four Colors have to understand who we are. We really are "Wee, The People," that Thomas Paine wrote about in the Constitution, except that an "E" got lost. "Wee" refers to The Four Colors of The Peoples on this Earth who are small. Currently, the shortest of The Little People are 2' - 3'8" tall (dwarfs and midgets are different). However, Western Medicine explains their height as Larson's Disease. When allowed to live, they live to an old age without any diabetes or cancer, that the humans have.

In the "wee" hours of the morning, at the dawning of each new day, "wee" greet the sunlight and The Light (Spiritual), when those who shun the same go to the darkness, away from what we seek and Love.

Love all you can and feel it through all of life. See the beautiful colors and smell the Earth's fragrances She made, just for you, for those moments. Be happy because you can do these beautiful realities

that others really can't do. It is all at your fingertips, since before you were born.

Touch the life that you designed for yourselves. Live no other Person's life, because that lie brings you to a wrong road named Misery. Eden is never located there. However, your Personal Eden is the result of learning what you committed to learn on Earth and to Teach your knowledge. That is your bliss and your inner peace because you will have actualized an inner balance of the Mastery of your committed subject areas. In balance lives perfection, as only Light Beings can obtain. This balance, when achieved, is when each of you, The Peoples, are matured!

Do Heart Hugs by touching the middle sternum and left side of each of your chests! Compare this beautiful Heartfelt touch to the hard hugs whenever the right side (for the Right way of the "everything group" of Patriarchy) of each Person's chest is touched. Do you want empty-hearted hugs or Full-Hearted hugs?

Show your SOUL'S ability to LOVE because it is your SOUL'S LOVE!!!! Turn your Light on so that all of you release your SOUL'S LOVE! Do your "sole-purpose" on Earth which is your SOUL'S purpose Evolve yourselves everyone of you People, Evolve your SOULS so that your life/Light always is brilliant Light! The "solution" to your problems is your SOULUTION! It was his soul that Lu (Lucifer) shunned!

The usual word solution has the same first "3" letters that soldier contains. They are missing the "u" that represents the "you" for The Peoples who have the Soulution! Your Soul has to be present to handle problems correctly. The word "solve" when spelled "Souleve" further indicates that LOVE, i.e., SOULOVE lives in the Hearts that have SOUL! That type of Heart doesn't create problems as a disguise to easily "rob" everything that belongs to The Peoples, including their lives! That is your real SOULUTION!

The Portals of Dustuny and The Planet of Dustuny are the “POD”. The Universe never intended for you to be contained in a coffin-sized sleeping compartment, as if you were a worker bee in a hive, enslaved to the Queen! The Universe has given you the entire Planet Earth for your “real POD”!

Because of the extreme reality on Earth, I present The University of The Peoples and The Portals of Dustuny in the following pages. The symbolic picture for The University of the Peoples and The Portals of Dustuny is the Globe. The pictorial message says that The University of The Peoples is constantly located everywhere on our Planet of Dustuny, Mother Earth.

Therefore, our University does not require buildings, etc.; instead, The University requires direct interactions among “wee, The Peoples”! It is a Soul Evolution University for the Teaching of morals, abilities, talents, sound minds, and healthy functional living.

Explanation of Dustuny

Destiny refers to a completely different reality than that which you, The People, are on Earth to fulfill for yourselves. “Destiny” belongs to a certain group of individuals who are connected to the Global Nations on Earth. “DUSTUNY” recognizes The “Dust”/Earth and “Tuny”/Tune/Music for the total integration/harmonizing that is necessary for you, The People, to be in “Harmony” with your Planet.

Further, “y” to “i” reveals “Uni” of Universe. Verse refers to “Tuny” (tune) or the musical tone of words/sounds of, your body, the “Dust” (Earth). You, The People, are made of the Dust/The Earth. Another view of “Dustuny”: Dustuny, i.e., dustune/dustuni-verse = “dust” of The “Universe” = Matriarchal Cognition, i.e., recognizes The Dust/Earth as belonging to The Universe, rather than as a heavenly body. Wee, The Peoples, are the “us” in the Dust from The Universe?

To bring Peace, i.e., HARMONY you need to harmonize with the vibration of Mother Earth, Herself. Some of you would be the same note/tone, while others would be a different note; but, all of you would be in HARMONY with Mother Earth and each other. Otherwise, you will keep yourselves out-of-harmony, i.e., at war with The Earth, the world, and each other.

Why is this a reality for you? Music is inevitable in each of your Soul-Life-Paths because in reaching the completion of your Life-Path your vibration rate harmonizes (brings harmony) with everyone else and The Earth. You become a “Body of Peace,” rather than an “Instrument of Rage”, because your harmonious bodies have become “The Musical Vibration of PEACE.”

It is extremely important to understand the effect languages have on us that we utilize daily. Animal-Speak, by Ted Andrews, tells us a primordial written alphabet existed that was designed from the “geometric patterns and angles found within the spider's web.”

Languages (not Tongues) are this web, constructed from rage, to cease The People's singing and music. Instead, our Original Mother Tongues bring us PEACE, from LIGHT, with music and singing.

To The Freedom of Light: "Now, with people, some folks break their own pods, and some have to be broken out by others, but it doesn't matter which way you're set free." Quoted from, The Song Catcher, by Sharon McCrumb.

Therefore, each Person has to be responsible by initiating their Freedom of Light or by persuing it after they have had help from their initiators (Teachers).

Concept

The word "concept" is the basis for the reality of the conception of your Soul entering your body at the moment of your Bearth! Therefore, by having been born, you were conceived into the Soul Evolution Universty termed The Universty of The Peoples.

To recognize that the ultimate purpose of Earth, is the planet where facilitation for Soul Evolution occurs and to clarify how each of you, collectively, are totally the location-site, as Teacher and student. The following Light Pages explain how individually your "immediate contribution" will result in positive changes towards your's and other's health, happiness, effectiveness, and PEACE. When these necessities are sought, in other ways, they remain consistently elusive, because fate will never give you your required DUSTUNY. Therefore, let everyone establish LIGHT from the LOVE of TRUTH that brings PEACE about DUSTUNY.

Life-Path, Soul-Life, and Soul-Life-Path are the same reality. The word, Seka means "see" inside and outside to seek that which you need to learn. The "ka" portion of Seka is a type of negative spirit that needs to be identified, in their world, so that you can safely remain on your True Path.

Only the day you were born is your Bearth Day. All other celebrations are a memorial to the arrival of your life on Earth. The Astrological terms Solar and Lunar Eclipses are renamed to Soular and Learner Eclipses, respectively, to aid thorough understanding of your Soul-Life-Paths. I have also changed the spelling of birth to show the reality of the word as "Bearth" and "Bearthed", for The Peoples of this Earth. The words Sun and Moon are capitalized to accentuate their importance for the Soular and Learner Eclipses.

Whatever your age is, you are the age to show your Mastery. If you have doubts then perhaps the book, The Eighty Dollar Champion,

by Elizabeth Letts, can give you a change of perception. If you need to physically revitalize yourself you could read, Brain Maker: The Power of Gut Microbes to Protect and Heal Your Brain — For Life, by David Perlmutter. If you need encouragement please read, Be Fearless, by Jonathan Alpert and Elisa Bowman.

The Purpose of Being on Earth

The main purpose for being on Earth is to Teach your Mastery to Peoples who came here to learn what you possess. Meanwhile, you learn a lesson which you came here to learn. This keeps you in the humble balance of being a Master and a student. This process Evolves your Soul.

Previously, Tribal living easily facilitated magnetic attraction between the Teacher and the student. Furthermore, the Vision Quest affirmed that Person's Mastery and lesson. It was another way (extremely valid), before the days of reading and writing, of revealing that Person's "purpose on Earth". The result was a Highly Evolved population of People, who were extremely healthy physically, mentally, emotionally, and Spiritually. Tribal living and Vision Quests, currently, remain an option in many areas of the Globe. They don't verbalize the civilized comment, "I don't know what my path is or I don't know what my purpose is" when they do it every day! Yes, your feet walk it, but the actual path refers to experiences.

Committing to learning your lesson, at an early age, corrects the social problems of The Peoples. A completely dysfunctional family and Personal life is eliminated which assists The Tribe or country to function very well. Learning the lesson, when young, is ideal because the rigidity and resistance of many older Persons can block their receptivity to learning, unless they have remained open to life's new experiences.

The lesson, when learned, gives you the matured completion of yourself. This provides you with a complete circle of Personal power and removes the wounded-vulnerable part of yourself which, previously, allowed you to be victimized. Otherwise, the unlearned lessons are the root of endless chaos for everyone, Globally, because adults have created and facilitated the Global problems.

It is time to remove the ego which stops, more than it aids, life from truly occurring the way we need to live our lives, i.e., so that life can remain a reality on Earth. You can only be a happy, healthy, proud, peaceful, Loving, and matured People as a result of doing your "inner work", i.e., "Learner work"! Good marriages, matings, friendships, and societies/Tribes are dependent on each of you People actively doing your maturation. In this way, you will be able to be a responsible Person for others, beyond yourselves.

How much resistance can a Person enforce towards society from either their Mastery or lesson? Unfortunately, any Master-Teacher can choose to successfully utilize their subject Mastery in a negative way, such as expert thief, drug lord, rapist, conqueror, murderer, etc. The lesson-student could do the exact type of behavior, but it is they who is legally caught. The Master-Teacher Person so Masterfully accomplishes the same deed that they are difficult to catch.

Basically, the Masters are with the Masters which causes the students to be with the students. The Masters have the ability to quickly identify the "stupid ones" and the "sharp ones". The remaining Learner-partners have enormous learning difficulties because their collective dysfunctional and misguided realities can lead to frequent divorces, legal, or lethal consequences.

The Universe never intended the lessons to be so difficult or life threatening. It is because life, itself, is so out-of-balance that the lesson has become so testy. It isn't much fun trying to be an adult, while keeping 50% of yourself (the lesson part) in the closet, because that vulnerable part has to be protected. Due to insults and victimizations most People have gone silent about what they don't understand and need to learn.

The Master is accountable for those miserable lives, because only they can see the unlearned lesson. Living with a Master-Teacher allows the lesson-student to learn more readily from experiences. The

lessons are in the form of qualities a Person acquires for Soul Evolution. This typically requires a full life, depending on the age the lesson-student began. So . . . to thine own self be true! Talking is crucial . . . so "talk" to your Teacher about what you need to learn! The vocal/voice chords have the ability to connect, i.e., by a cord communication network, to the information inside the Teachers' cells. Using the hands can obtain the same information, during the writing process.

The Universe has its own way of divorce and population control because only certain Learner-Mastery Persons are on Earth to be either married or producing children. Therefore, only limited reproduction of People should occur. Beyond the designated (Mastery-student) relationships, all of the other Persons who marry or create children, usually marry or mate (most frequently) with the Teacher of their Learner Eclipse. This necessitates that they carry the burden of marriage or child rearing that is not on their designated Life-Path.

Legal commitments become doubled when both Persons are each other's Teacher or they both have the same Mastery, whereby, neither can help their mate to learn their lessons. Beyond those "double-trouble" relationships is the partnering when the Persons have the same Life-lesson! This demanding scenario usually breaks the marriage. Maybe, the diamond isn't always a woman's best friend?

The Universe allows approximately forty years before the body ailments, connected to each lesson-Mastery, begin to give warning signs that the Earthly job hasn't been done. Typically, this message is a reminder that fewer years remain, in the Earthly life, which is more commonly recognized as the mid-life crisis. If you succeed in your Earthly-Spiritual commitment then, the illnesses having roots to your lesson-Mastery aren't a reality for you. However, there are other

illnesses with different roots, that to avoid, each Person needs to be responsible for daily.

How do you earn a lot of money for the good life? Obtain work in an area that relates to the Mastery of your Soular Eclipse or to the Mastery of your lesson, you have learned. Be whom you said you would be, while you are on Earth, and your expert ability will easily be recognized. You can demand top dollar for it, because you are top in that field. That's why earn is the basis of the word learn. Just kindly share your bounty, because we are all on this journey together!

It becomes easier to understand your friends, mates, neighbors, and enemies when you look up their lesson and Mastery. You can learn why they repeatedly have the same experiences over and over, again and again. Perhaps, you could help them, if you are qualified as their Teacher?

The modern way to identify yours or another's Mastery and lesson is to locate the Soular and Learner Eclipse dates that precedes the Bearthdate. A Soular Eclipse occurs when the Moon is directly between the Earth and the Sun, temporarily obscuring the Sun from the Earth's view. This only occurs during the New Moon cycle. A Learner Eclipse occurs when the Earth is between the Sun and the Moon with the Earth obscuring the Sun's reflection on the Moon. This only occurs during the Full Moon cycle.

Both a Soular and a Learner Eclipse will occur while your body is being created in your Mother's womb. Those Eclipses become your Before-Bearth Eclipses. On those dates, The Window of the Universe either infuses Masterful knowledge (Soular Eclipse) into all of your cells or The Window of the Universe is blocked, so that your cells aren't infused with any knowledge (Learner Eclipse). The window of the computer attempts to mimic The Window of the Universe.

From the moment of your Soular Eclipse (and Bearth thereafter) you are Masterfully knowledgeable (possessing information). In

other words, you are specialist, i.e., expert in your particular Soular Eclipse! However, the lesson can only be learned on a cellular level, which is beyond utilizing only the brain for learning. Whether you are exercising your Soular or your Learner Eclipses, you will be having "Metaspiritual", rather than metaphysical (material) interactions.

Locate any Person (refer to charts) who matches up to your lesson and Mastery and communicate with them! You will have endless Teaching and learning experiences! This may very well be a Homeless Person or the so-called "BUM" on the street because they are absolutely an equal to you. They are a Master of a subject and they have a lesson to be learned . . . who didn't do their Teaching?

All of the Persons born on the same day, month, and year have the same lesson-Mastery, all over the Globe, regardless of parentage, gender, or skin color. For Global time changes refer to a Time Zone Map. Isn't it great to realize how similar all of us can be, regardless of how much effort is applied towards the insistence of superficial differences, such as monies, etc., when it is our Soul that is most important for each of us? By realizing how much each of us is working on our Soul, we can be more accepting, tolerant, patient, and Loving towards each other, when that repeated lesson experience arrives? Therefore, frequently, the usual capitalized job titles aren't capitalized but the non-capitalized titles are capitalized because the job of every Person is equally important and deserves recognition. For the effect of all the planets on your Eclipses you can consult a good Astrologer.

The Learner Eclipse for dates after those listed, will be the Sign the Moon was in during the Lunar/Learner Eclipse that occurred just before that particular Person was born. You can also refer to [Llewellyn's Moon Sign Book](#) or to [The American Ephemeris](#), by Michelson and Pottenger.

Since all of this information is now public, we can be safe-guards for each other and prevent victimizations from occurring. Hopefully, all of our brothers and sisters in the jails, as well as, the courts' lawyers and judges, will cease to be a reality. It is the lawyers and judges, i.e., the Masters of legality, fairness, and justice, who apparently didn't do their job on a Personal daily basis. In the courtroom, they know how to evaluate their students misconduct whom they never had taught! He who judges shall be? He who points his finger is?

It is easy to recognize that societies' problems derive from developed physical bodies which house Persons, inwardly, at the lesson level of a child? This "inward-outward opposition" of realities fools both themselves and us because it is their lesson that is the problem which they don't understand and, therefore, can't correct. Living, while locked in a jail, further prevents the jailed from learning their lesson, since they have become separated from their Master-Teachers. The jail, basically, is a location-site filled with students of certain lessons.

Has everyone else, outside of the jails, learned their lesson? Not necessarily, because most Persons do escape time in jail. However, if they were fortunate enough to have had one of their parents or relatives, who had a Mastery in their lesson subject and with whom they were consistently throughout their childhood then, they could be a well-functioning Person. Each child needs access to their Teacher from among a large group of older People, if one of their parents isn't their Teacher. The child is drawn to their Teacher because opposites in information attract in a healthy society. This is why it takes a village to raise a child.

Otherwise, after the child is out of school and away from their home-site they begin having experiences which reveals the dysfunctional portion (self-negating ways/unconscious) of themselves. Usually this will continue until the mid-life crisis notifies

them of their reoccurring experiences/lessons. The prime of their life gets used up in such ugly realities, from which they alone can't extract themselves, or they become skeptical and withdrawn. If their realities haven't been lethal, etc., they coast along, until they figure it out. If they reach old age, they will continue to be given situations which test them, in regards to their Life's-lesson.

The Peoples are restless and travel to change parents, jobs, towns, and mates as they try, in a lost way, to find the missing parts of themselves. The People seek "outside" of themselves, for something, that has to happen "inside" themselves. Your Teacher can be anywhere or everywhere and either sex, age, or color. They can especially be where you already are, because The Universe recycles the above Teacher-lesson reality so that a constant supply of each is always available for everyone on the Globe. People need to change the reason they travel, etc.! They need to focus on their specific purposes.

To cure the Global peace problem you have to cure the reason it is a peace problem for each Person on the Globe. Each Person's root reason is their unlearned "Cellular-lesson". Therefore, each of you have to take responsibility for doing your inward cellular journey. This inward journey, becomes your Personal Life-Path you walk, while you are on Earth. Putting the ID (identification) on your Mastery and lesson recognizes your Life-Path, i.e., Soul's-Path (Dustuny). Otherwise, you live your "fate", where everyone else owns your life. Which is better for you?

Fulfilling your Dustuny contributes towards obtaining peace for the benefit of the Globe, Her population, and yourselves. This is how peace begins, from within each of you. Did you ever hear "If you don't learn it this time, you are coming back to Earth?" It is true . . . so, it is better for all of us, to eagerly learn our commitment for being on Earth! Thereafter, in other lives, you learn the other Eclipse lessons and you are a greatly Evolved Person Spiritually, mentally,

emotionally, physically, and Globally! How would you like to be on Earth with People who are so wonderfully marvelous? How would you like Earth to be the home of the “Peace Warriors”?

A very unique Person, Cherie Carter-Scott, Ph.D., created a handout, “Rules for Being Human,” (Seka has renamed it “Realities of People”) years ago that circulated widely and anonymously until, recently, when she published, If Life is a Game These are the Rules. Sometimes, another Person can say the same idea with different words and it is how certain People need to hear it, to learn. Seka has gladly included those incredible twelve rules, to which Seka has added numbers 13 and 14. Many, many thanks to the author for “sharing” your insight about life.

- 1 “You will receive a body. You may like it or hate it, but it will be yours for the entire period of your life.
- 2 You will learn lessons. You have been enrolled into a full-time informal school called Life. You may like the lessons or think them irrelevant and/or stupid.
- 3 There are no mistakes, only lessons. Growth comes from trial and error and experimentation. The so-called failed experiments are as much a part of the process as those which succeed.
- 4 A lesson is repeated until learned. A lesson will be presented to you in various guises until you have learned it. When you have done so, then you can go on to the next lesson.
- 5 Learning lessons does not end. There is no part of life that doesn't contain lessons. If you are alive, there are lessons to be learned.

- 6 ‘There’ is no better than ‘here’. When your ‘there’ has become a ‘here’, you will simply obtain another ‘there’ that will, again, look better than ‘here’.
- 7 Others are merely mirrors for you. You cannot love or hate something about another Person unless it reflects something you love or hate about yourself.
- 8 What you make of your life is up to you. You have all the tools and resources you need, what you do with them is up to you. The choice is yours.
- 9 The answer to life's questions are inside of you. All you have to do is look, listen and trust.
- 10 Life doesn't always seem fair. When life does not seem fair we need to access our Higher Power for guidance in difficult as well as good times.
- 11 All people are both strong and fragile. We must treat all with respect, compassion, integrity and most of all, love. This may be difficult at times but is definitely worthwhile.
- 12 In good times as well as bad you can be assured that you will temporarily forget these Rules for Being Human (Realities for People). Keep your copy in a safe place and refer to it often.”
- 13 Don't delay. Life is a short path.
- 14 Never give up. Use grit in your daily actions. Eat grits to give you grit for being honest with yourself about yourself (a joke about the phrase “food for thought”). That is integrity!

Each Portal of Dustuny (Eclipse explanation) describes the twelve lessons, from knowledge that I gained by counseling and studying each Eclipse, for several decades. At the end of each Portal of

Dustuny is a summarized list that can be used as a rapid reminder, when the need is urgent. The Soular and Learner Eclipses aren't separated inside each category because that which needs to be learned, needs to be taught. Other Eclipse insight is at, Spiritual Astrology, by Jan Spiller and Karen McCoy (1988 edition). However, this website uses only Eclipse dates from the American Ephemeris.

An example for the Mastery and lesson: Any Person having a Mastery in Aries Eclipse Teaches the Aries-lesson Person. Each Person has an extremely unique Life-Path, therefore, a Master-Counselor in the Sagittarius Eclipse would be able to locate the experiences and disguises, that reside as the impenetrable fog, most People aren't able to see through, which is their Life-Path's-Learner Eclipse. Recognizing the experiences is crucial for identifying your lesson, which validates your reality on Earth. The Mastery-Counselor, thereafter, can advise you and direct you to your Teachers.

I. Aries

The Aries-Soular Teacher is the expert Coach. The Coach Teaches a Person how to be a solo player or Person in their daily life. In our modern world, it is conflicting to hear that the basketball and football "Coaches" Teach "team" playing. Shouldn't the Football and Basketball Coaches take a different name for their job? Buses are referred to as coaches because they travel as a single unit? A Vocal Coach is closer to being a Coach than a Basketball Coach is because the most frequent aspiration of the student is to become a soloist.

Everyone has to be a self-functioning Person, to a certain degree, because Mama's nest doesn't last forever. When the Aries-Learner Person does leave home they, frequently, find organizations, groups, armies, or monasteries, etc., where they harbor and buffer their inability to be in the world. Marriage may get delayed, if their Mastery Eclipse requires it, because they are unable to provide an

adequate living for a spouse. The males, frequently, have many Persons of the same sex with whom they are buddies or the females marry early for a safe haven. Occasionally, they marry a man much older which, of course, usually results in being alone, when they are an Elder woman. They are learning to be an individual so they relate to themselves as, I and me, most of their lives. They aren't necessarily selfish or self-centered; but, instead, are learning to be them-"self".

Since survival, via standing on their own two feet, is of primary importance to the Aries-Learner Person they, oddly enough, aren't interested in tying their shoe strings (of course, exceptions do occur). Realities connecting to death are in another lesson category, but the Aries-lesson Person thinks about life, after death, because it indicates a gnawing need to resolve survival for themselves.

Do they survive death (?), is the question they need answered. When, on a cellular level, they have acknowledged that their Spirit survives, but their physical body disintegrates and is recycled, like all other organic matter, they feel safety in life. When the Spirit-Soul departs (separates) from the body certain gases become airborne, while the other parts of the body, i.e., organic matter stays with the Earth! There is a Zen Koan which says, "When you set yourself from life and death, you should know your ultimate destination. So when the four elements separate, where will you go?"

Another difficulty for the Aries-Learner Eclipse Person is acquiring an income for their needs. Having money insures survival, which is their lesson; therefore, getting the money to survive is a great challenge for them. The Aries-lesson goes beyond the quasi co-dependence of the typical adult. This Person may remain at home beyond the typical age other children have departed.

They are to learn how to Masterfully survive the great wilderness totally alone. Being in nature requires a flexible mind because the Earth constantly changes. They need to be Earth smart to survive

Earth's changes. Due to the fact that most of the population on the Earth is contained in cities, the Aries-lesson Person does a lot of urban camping or street survival, when learning an altered version of their required lesson. The symbol for Aries is the Ram (Mar's reversed spelling). The Rising Sign, by Jeanne Avery, will give you additional and excellent information about the Rising Sign of Aries.

Aries:

- A. Stand on your own feet and have courage of your convictions.
- B. Stop allowing yourself to feel that other People are more intelligent than you are for fear of rejection or of creating disharmony and conflict.
- C. Stop other's domination of your life. Your thoughts and other Persons' thoughts are what keeps the Globe flowing. Share your thoughts, even if the Person listening decides to be upset at your thought. They have a choice.
- D. Accept change. Growth only occurs with change. Do as the seasons do . . . they change.
- E. Be independent. Thereafter, you will have a stable relationship.
- F. After self-independence, go beyond yourself to help others.
- G. Be assertive. Make your own decisions.
- H. Raised voices neither indicate correct or incorrect realities.
- I. Competitiveness. Do those types of sports.
- J. Welcome new beginnings. Stop needing to have all of the facts and figures, before you begin a new beginning. Life will make you have these new starts, if you fail to do them yourself.

- K. Listen to your own inner voice. If you follow others, they will take you to incorrect paths.
- L. Outdoor wilderness survival. Learn Tom Brown Jr.'s books! With the wilderness gone . . . city street survival can be the alternative? Teach survival, it is beyond sustainable!
- M. Leadership . . . clearing the pathway first. How to go it alone!
- N. Stop needing to be coached! Be a Coach (it is different than a Counselor).
- O. Keep your shoe-strings tied! Keep good stable shoes on your feet!
- P. Learn to use the word "I", to claim your presence on Earth.
- Q. Be the SURVIVAL WARRIOR!

Physical: Head, face, left eye twitching, weak and/or blindness to one or both eyes. Headache to a migraine. If you devalue your own ideas, etc., frequent urination and low back pain. Examples of the physical ailments in the Aries Eclipse: A young male said that he was blinded, by a stray bullet, as he walked by a residential neighborhood. An older man, who had a Taurus-Mastery salvaged (realized they were valuable to someone, somewhere) items, from demolition-sites, until he was a multi-millionaire. He had the Aries-lesson, which he

attempted to avoid learning by having eight wives. During a demolition, his eyes were damaged and he slowly became blind. Later, he lived in a wreckage yard, learning outdoor survival!

Diane Fassey exemplifies the Virgo-Soular and Aries-Learner Eclipses.

II. Taurus

John Ruskin said, "There is no wealth but life." Carl Jung said, "The more critical reason dominates, the more impoverished life becomes Overvalued reason has this in common with political absolutism: under its domination, the individual is pauperized." The Taurus-Soular Person can Spiritually be pauperized while doing their Soul's Life-lesson because they have the funds to buy workers, who are the Masters of their unlearned lessons, such as Secretaries and House Maids for Financiers who could have the Virgo-lesson.

Presently, money is valued more than valuing the life in all of living matter. This is a false system, because money can't create life. Money isn't a seed. A very small book, easily and thoroughly, Teaches the falsity of money and its power over all of you. The Plague of the Black Debt, by James Davidson, contains unusual information about money and should be an heirloom in every family. Another extraordinary book is, The Web of Debt, by Ellen Brown.

It is the Taurus-Mastery Persons who exactly understand money and investments and who group together in the money arenas. If they aren't top bankers then, they are the Tellers, Cashiers, or Bookkeepers. Those types of jobs require them to deal with or touch money for hours, every day, of their lives. If the Taurus-Mastery Persons interacted with the poor and did their Teaching, they would eliminate the poverty of the Taurus-Learner Persons.

A Taurus-Mastery child can obtain and keep money, while the Taurus-Learner child seems unable to recognize what it is. The lesson-child, in later years, can either work for free or get underpaid, which in actuality is poverty. Therefore, because they misunderstand finance and the value of themselves, they can easily become homeless. Once there, with the other Taurus-Learner Persons, they can experience chronic and extreme deprivations, until they all die.

The Taurus-Soular Persons will have many encounters with The Homeless. Part of their purpose on Earth is to establish the value of The Homeless Person to those who ignore or subjugate them. When problems become critical about the value of life, as they are on Earth, the balance of the value system is out of alignment. Therefore, the following in-depth article about The Homeless People is necessary:

Home Street Home – The Ultimate Oppression

When the tornado reaches the Earth, it removes all which stands in its path. The lack of money functions, similarly, by removing material objects or their very body, should the lack of money be lengthy enough.

The home can be a problem standing or removed. A house removed classifies the Person "homeless"; but, a house standing classifies the Person "housed". The housed vs. The Unhoused (The Homeless) is a very interesting reality, with many levels of disguise. The Homeless are actually houseless or mortgageless.

The government considers that legally The Homeless aren't part of the community because they don't have an address-site, lease, pay rent, or have a mortgage. If The Homeless aren't part of a community then, how can the wayfaring strangers (The Homeless) be put in a communal plot? Maybe, the plot (pun is intended), of this reality, is a "mass grave" because communal technically defines as the community. Refer to Seattle's "Real Change's" Annual Women's

Issue, which ran at the beginning of 2004, for extremely contrasting versions of Seattle's so-called "dignified" burial of 200 Homeless Persons.

Many Persons buy a home-site to build a house; but, does the government consider the "home-site", to actually be the land of the country, named U.S.A., which explains the reason for "Homeland Security?" "Home-site" appears to be referring to the "double" reality of becoming part of the country of U.S.A. Home owners are the country, as the church members say that they are the church? Since The Homeless don't have an address-site (land/home-site) does this suggest that The Homeless are without a country? If The Unhoused don't have a country then, how can they actually be a citizen of that country?

Claiming the title "homeowner" doesn't allow "entitlement" above and beyond others who have different qualifications. Shouldn't proof of that supposed ownership be placed in the front window of each house for complete clarification and easy validation of the word "homeowner" that is spoken so quickly by the unproven claimant? Technically, owning a house and a Deed of Trust aren't the same reality. Clarification of their differences is important information for every person purchasing a new home. Don't we deserve to be shown upon request the Deed of Trust that could possibly tell us contrary information of what they claim? If they defer getting and exposing the Deed of Trust, then they really are simply doing an arrogant and lengthy lay-away plan, referred to as a mortgage! Do they really have homes when they are a disguise for a hidden business, such as room rental, couch surfing, and Airbnb?

Many Persons are homeless and don't realize it, such as boat dwellers, car dwellers, mobile home occupants, hotel dwellers, campus dwellers; and, of course, if you lose "the job" (money tornado arrived) and you return home to your parents after high school age then, technically, you are homeless. Or, if you leave a recent and

permanent address, travel to another city and stay on the sofa of a friend before you get your, previously, "housed" address status then, during that time, you are very homeless.

To prevent their future homelessness, many jobbed Persons easily grab the phrase "I am only doing my job," if and when their job has immoral implications. When will each of the jobbed, take moral responsibility for their actions instead of blaming the job for their sins, towards their sisters and brothers (neighbors)? The job (named after the biblical male, Job) doesn't erase your erroneous and immoral actions nor is it held accountable for your immoral deeds, when you get to the other side.

Why is the government's legal system so ready to take its citizens to homelessness? Whom will it govern, when it has removed whom it governs? Is this reality a motive of the government? In a country, where resources for good survival are piped, shipped, mailed, or flown, etc., to the housed then, the absence of the house is the agent to bring a social death, which slowly allows The Unhoused to be very available for a physical death. Perhaps, the housed also want The Homeless and poor to be a substitute for themselves being preyed upon by serial killers? Homelessness is a slow and passive-aggressive homicide, of the poor, by the collective society!

How many other ways does death visit The Unhoused? Since only 10% of the food's nutrition remains in the food, upon its entry to the grocery store, how much remains for The Homeless, at the foodline, one to two weeks later? Protein portions are extremely deficient while the sugars, breads, pastas, and starchy offerings could cause an Olympian athlete to become a diabetic. Some churches brag about recently acquired foods, that they integrate into food bank items, such as King County's St. James Cathedral, in Seattle, Washington. Jim is the substitute name for James which pronounces "Gem" that refers to the Gemini Twin Cult that founded Rome.

The average Homeless Person's fuel intake doesn't equal their fuel output. The Homeless Shuffle requires packing 20 – 50 pounds, all day, as they journey to ten or so different places to fulfill the daily needs a homed Person could accomplish in one hour. In Seattle, the Outcast's Shuffle begins on the bus, of segregation, at 6:00 A.M. and ends at 10:30 to 12:00 midnight. The entire shuffle contains insults due to their bags, carts, and physical appearance. The oppressive bus entry-/exit-sites which, frequently, are blocked by phone booths, newspaper machines, filthy trash cans, or bus schedule stands silently, yet loudly, say, "You don't have a place at the bus stop either".

A simple purchase readily reveals the typical American psychology, "There you go." This phrase functions to tell the purchaser to relocate (keep moving on so roots don't get established). This is the antipublic/antisocial remark that recently replaced the humble "Thank you." This is another form of The Homeless Shuffle.

Sadistic designers of the new buses replaced ribbed rubber floors (designed in the same direction the Person walks rather than horizontally) with slippery linoleum, which promotes slick induced falls; put in cold plastic seats with a slanted angle, which promotes a constant threat of being thrown into the aisle-way; inability to stand up between seats as the back of the front seat oppressively pushes the Person into the set again; and, heaters in the ceiling, which leaves the entire body unheated. They should be on the floor of the buses since heat rises.

The lower class public buses are painted green and yellow colors to match the colors of the dumpster pick-up trucks. The passive-aggressive implication is that the contents of each vehicle is garbage! Recently, red, gold, and black buses swiftly travel as if the German/Roman flag colors had become metallic. Purple and gold colored buses have also joined the Metro Fleet proudly identifying Seattle's Atlantean roots.

Each night The Homeless endure lack of oxygen, due to roadside car pollutants, or from shelter basement-sites (taken out of sight or out of a home-site). The shelters usually have no windows but forty Persons sleep, in an approximately 500 square foot room, while breathing each other's carbon dioxide, plus radon gas, mold, and toxic Quat "Guard" disinfectant. Does it guard against bugs or does it guard the city owners against The Homeless having squatters' rights?

Abandonment of others is rampant by the housed. Congratulations, you get the Abandonment Award, due to your expertise in lack of bonding and touching. The Homeless are mature orphans who are dropped by employers, families, communities, and country. From whom, have most Americans learned, that by saying, "good luck, best wishes, stay safe, stay dry, or stay warm" that it has any effect upon those realities when the Person, it is spoken to, has neither a place or provisions to accomplish the above? The Unhoused can't do anything with those phrases, but when the housed do what The Unhoused can't do then, something is done for them. Are the housed verbalizing their insanity?

In the world, money is the connector to everything. Regardless of their poverty earnings The Homeless remain Representatives of American Poverty, i.e., RAP. The synonym for homelessness is moneyless. Mothers prepare now, to prevent your Child's future homelessness. If you don't, your very children could serve the country as RAPS.

The RAPS purchase from "Real Change", "Spare Change", i.e., a street newspaper. Therefore, they own it, yet are governed by the business from whom they purchased the paper. Does your dealer govern you, after you have purchased your car? The vendors aren't taxed the usual method for their purchase; but, in actuality, by purchasing the paper, for approximately thirty to sixty cents, they are put into a 30% tax bracket. The thirty to sixty cents pays the salaries of the staff in the offices. What was the "help" the office "dumped"

onto the RAPS' backs? Yes, the office receives grants; but, the offices receive thirty to sixty cents per paper, which results in large revenues yearly from the vendors! Why don't The Homeless receive grants for their expenses?

Good selling-sites for the poverty newspapers, such as California's "Spare Change" and Seattle's "Real Change" are owned by "Pet Vendors". They dominate the turf spots as Turf lords. Lack of any possible time to sell at those sites, results in abuse and perpetual ("poverty pets", rather than their money "pets") poverty. The governing body allows their "pets" to obtain good sells, while the remaining vendors are blocked from the above and remain in foodlines, shelters, or camping-sites. Is this fair? Where is the equality?

Society's legal system wants to make laws against panhandling. Instead, they want to install "giving machines" where direct contact with those in need are avoided. Persons who request money are in need, then and there, so it is at this critical time in their life when you directly are given the opportunity to share your abundance. They could be hungry, since foodlines aren't open twenty-four hours every day! The "giving" machines reroute your money. Do you really see where your money goes? Is the city government panhandling, via such props?

The faces of the average American citizens are so sad they are ugly. Happiness has a very strong root and the name of its root is GIVING and receiving! Receiving is intentionally written with less emphasis because if everyone "gives" then, everyone "receives".

Thanksgiving precedes Christmas The Time of Giving. Why such an inverted order? Shouldn't "Thanksgiving" be in January when "for" can be included to create "Thanks for giving me ____"? Maybe, the inverted order is because too many of the population can't give? When a change of Heart occurs, you will first recognize your

need to forgive yourselves and others? Then, you will "give", for which you will receive Thanks for Giving me ____"? If you are going to "give to The Homeless", buy the building and put their names on the deed! Then, you will have "given" to The Homeless. Stop pretending with your lies! If any of you need a little help "giving", try reading, The Giver, by Lois Lowry.

Extreme temperatures of continuous cold and dampness weaken the body, which results in fungal infections and death. The Homeless are ridiculed for wearing excessive clothes during the daytime. However, they are very smart for doing so, because those clothes are their blankets, during the nights they sleep outdoors. In desert climates, the continual exposure to heat bakes the internal organs of The Homeless.

Potential contamination for infections is very available. In some shelters, Clorox is considered dangerous. To enter an alley basement shelter-site requires walking through "alleys of dumpsters". This exposes The Homeless to super bacterial breeding-sites. Further, the streets become fully activated pathogenic Hot Zones in the summer. Those streets are "STREATS" where constant abuse to Peoples' daily personal needs are given as mistreatments!

Sleep deprivation occurs from traumatic snoring of shelter-Persons or when several firemen arrive to resuscitate a woman having seizures because of a recent beating she received from her spouse. Sleep time, in a female shelter, can be interrupted by a transgender or transvestite male voice talking loudly in his sleep. Remarks aren't tolerated because they are considered sexist and The Homeless Shelter System may be dominated by a hidden homosexual canopy. This is a violation, of free speech and thought, which guards exposure of their advances. Camping outside requires sleeping with one eye open, for safety.

The National Academy of Science Studies, in the United States and Germany, has proven that new information for skills needs to be learned, just before adequate sleep occurs. According to the Polish newspaper, "Wprost," sleep clinics report that "someone who sleeps little is under permanent stress and leads to changes in glucose metabolism but is also related to increased risk of obesity because the sleep deprived person eats and drinks more to feel awake." Their excess sugar cravings aren't just from drug addictions. Low blood sugar from exhaustion and malnutrition also demands plenty of sugar! When do The Unhomed get a chance to do therapy for post traumatic stress syndrome and sleep deprivation?

The Unhoused experience passive-aggressive indirect assault on the street. The Homeless Person's body is in the doorway and the door is used to impact The Homeless. In another example, The Homeless Person is wearing a backpack, which is impacted by the aggressor, to transfer the assault to the Person's body. The managers in the Grapes of Wrath Stores release large quantities of well-stocked anger, accompanied by insults, but Love has to be special ordered (if it can be).

The lack of indoor restrooms causes stretching of the bladder and colon. This results in the loss of their ability to control their elimination. In concentration camps, this technique has been used to degrade prisoners. Portable outdoor toilets, which function as cholera houses, aren't an adequate substitute for indoor restrooms.

After The Unhoused have experienced the above list of basic survival deprivations, the housed readily say, "The Homeless are crazy, drugged, prostitutes, or alcoholics." Actually, those four realities reside in both living areas, so what is the difference? It is the absence of walls that makes it easier to see when a Homeless Person participates in one of those vices; but, the presence of walls conceals it when a member of the housed society participates in the same behavior. The only difference is who, has the money.

Total deprivation of basic needs leads to the simple fact that if a Person is homeless for long they, eventually, won't need a home. Try the deprivation yourselves. You surely don't offer to others what you wouldn't want for yourselves? Quickly, you will learn that the deprivation shows on your body. Within a week of being homeless a, previously, well-groomed Person begins to show the marks of deprivation. Multiply the erosive effect, by each additional homeless week, and a very decrepit Person emerges, in a few years. The Street, by Ann Petry, Masterfully reveals the classic and desperate attempt to avoid homelessness, that relentlessly captures its victim, via dominant white society's psychopathic passive-aggressive traps.

If you don't want to try the deprivation then, try being dehumanized as a "face on a street corner". Newspapers like the "Seattle Times" (July 14, 2003) issue encouraged others to pass by The Homeless because they are just "a face (disconnected from the rest of their body?)." Therefore, since they don't actually have a body, with their face, you don't have to feel guilty when you pass by someone who hasn't got it "altogether"? The article smoldered with subtle lethal suggestions. Spend your time in a Psychologist's office, instead of writing about The Homeless, is your needed advice.

Is it easier to continue abandonment of other Americans, than it is to accept responsibility for each of "your" contributions towards abusing them? "Your" neighbors, living on the street, are "your" Americans? America's Homeless are actually refugees in America. Home Street Home (not Home Sweet Home) for the ultimately oppressed American Refugees is the finishing-site for their very American lives!

The War Prayer

By Mark Twain (1904)

“It was a time of great exulting and excitement. The country was up in arms, the war was on, in every breast burned the holy fire of patriotism....the pastors preached devotion to flag and country, and invoked the God of Battles....and poured out that tremendous invocation: ‘God the all-terrible! Thou who ordainest, Thunder thy clarion and lightning thy sword!’An aged stranger entered and moved with slow and noiseless step up the main aisle, his eyes fixed upon the minister, his long body clothed in a robe that reached to his feet, his head bare, his white hair descending in a frothy cataract to his shoulder, his seamy face unnaturally pale, pale even to ghastliness....uttered in fervent appeal,....‘O Lord our Father, our young patriots, idols of our hearts, go forth to battle — be Thou near them! With them — in spirit — we also go forth from the sweet peace of our beloved firesides to smite the foe. O Lord our God, help us to tear their soldiers to bloody shreds with our shells; help us to cover their smiling fields with the pale forms of their patriot dead; help us to drown the thunder of the guns with shrieks of their wounded, writhing in pain; help us to lay waste their humble homes with hurricanes of fire; help us to wring the hearts of their unoffending widows with unavailing grief; help us to turn them out roofless with their little children to wander unfriended the wastes of their desolated land in rags and hunger and thirst, sports of the sun flames of summer and the icy winds of winter, broken in spirit, worn with travail, imploring Thee for the ‘refuge’ (refugee) of the grave and denied it (i.e., mass graves) — for our sakes who adore Thee, Lord, blast their hopes, blight their lives, protract their bitter pilgrimage, make heavy their steps, water their way with tears, stain the white snow with the blood of their wounded feet! We ask it, in the spirit of love, of Him Who is the Source of Love, and Who is the ever-faithful

refuge and friend of all that are sore beset and seek His aid with humble and contrite hearts.’ Amen.”

Mark Twain fully exposed the reversed “crazy thinking” of the haters! They have such metastatic (advanced) craziness, that not only do they revere The Maker of their hatred, but they ask for further assistance from him!

The shelter system hires many Persons rampant with sadistic or abusive psychologies (some are very kind but too many aren’t). Visit the referral centers many different evenings to get the total picture. Compare America’s Refugees to how refugees in other war zones look. The absence of food, money, and home provides “the job” for the shelters’ employees. They, frequently, have a house and they do eat very well. Those paid workers, in the system, have become recognized as “Poverty Pimps”.

Once inside the shelter system, any Person soon realizes the enormous infrastructure that perpetuates homelessness. Land of freedom or land of perpetual homelessness? Free to be homeless? The amount of time, money, and structural set-up to perpetuate homelessness could easily have been utilized towards building actual living-sites, to keep the Persons alive. Instead, America has a slow form of Ethnic genocide, which invisibly masquerades as a “helping” hand.

The incredible amount of charitable contributions is a completely ugly joke. If all the dollars, ever given to The Homeless, since the slaying and stealing for this country began, had actually been given to them, they would each have a house and homelessness wouldn’t be a reality. Bill Gates gave The Seattle Homeless 35 million and Oprah gave them two million. However, The Homeless didn’t even get canopies to stand under, while waiting for hours, either for food or shelter. Where, oh where, did the money go? Hearsay reports that the YWCA got the money for a building. Thereafter, the YWCA

established policies to take money from The Homeless, by charging them rent for a room-site. The Homeless never got the money!

Even the volunteers reap the best of clothing and food donations intended for The Homeless when they, themselves, decide that “The Homeless haven't use for all those items.” Within the past few years, an enormous amount of backpacks and Seahawks jackets were stolen, in Seattle that were designated for The Homeless. The Homeless, since this country arrived have been used as bait, for the acquisition of contributions, that are utilized for Persons who aren't homeless. Don't use their names to collect money and goods that they never get. Collect it in your own names, so you can face your own hidden poverty or greed, that you use The Homeless to disguise for yourselves. This is blatant dishonesty, beyond the robbery done to their plight.

Money is power, when Love isn't the power. If the government and its housed citizens can only intellectually develop their economy on the backs of the necessary deprivation of America's Unhoused Refugees then, how intelligent and moral are The Makers of this ugly financial system that says it is the greatest nation in the world? The backpacks of The Homeless are carrying your ugly burdens, more than they are carrying their own Personal items!

Directly or indirectly each citizen has some degree of responsibility for their neighbors (either Home Sweet Home or Home Street Home types) well-being. If you argue that they legally aren't your neighbors, you surely can't argue that morally they aren't your neighbors.

It is a suggestion that each housed Person give an equal number of hours towards building enough individual rooms for every Homeless Person; each housed Person should be financially fined for construction costs; and, the rooms are to be owned by The Homeless People which insures a permanent address. Beyond this expression of

neighborliness, who and where are The Universal Lawyers to take the entire housed population to trial for the abuse and murder (via abandonment, etc.) of The Unhoused? That trail is so long, would the trial ever end?

What have you missed by your desired severance with The Homeless? An Arabic story: “A big dinner was given in the town. Everyone was feasting when a poorly dressed man arrived and wanted to be seated. He was told to leave and so he did. Other persons arrived until an extremely well-dressed man arrived. He was seated very promptly. However, he quickly stood and began removing his clothes. The guards arrived to ask him about his behavior. He replied that it was obvious that they had invited his clothes rather than he, the man, because previously, he was the poorly dressed man.”

Many wonderful qualities reside in all Homeless Persons but those qualities can't be realized, by you, unless direct communication and a sharing of life occurs between all People. Are you hesitant about your interactions with Homeless People? You could see the movie, “Radio,” for some good psychological therapy. It is a true story, of an African American, who was rejected by the dominant white society.

Eventually, a white Football Coach insists on being Radio's friend, which causes the entire community to receive a racial healing, due to Radio's enormous capacity to Love. Although the radio is a tool of communication, it is ironically appropriate as Radio's name because he used his body, as if it were a radio, to communicate Love waves as soon as the direct Personal friendship had been established. “Radio” is a historical milestone, in one American city, that drastically needs to be duplicated within almost every American citizen. Those two men became American heroes, because they did good deeds towards all Persons, when they went beyond the dominant white society's barriers to Love.

The Root of Homelessness

When Joe Millionaire chose Zora as his probable wife (on the TV series, 2002) she used her winnings to travel to the Serbian Orphanage, Vera Blagojevic. The children repeatedly asked, "Are you going to take me home?" They were looking for their Mother or Mother substitute as the children had become homeless and parentless, via abandonment, war, or fire, etc. Do you see drugs, alcohol, etc., as the reasons for their homelessness?

Zora specifically noticed the teenagers' eyes, which silently conveyed their understanding that they would never be adopted. They realized that their adult life would't have roots to a family and, therefore, lonely. They would be an orphan, throughout their entire lives, because age doesn't begin or end the reality of orphan (orphanage). Lacking a family support system, unadopted orphans are often forced into prostitution to provide their own livelihood, when they become an adult.

Why would the biblical woman, Mary Magdalene, do prostitution? Was she an orphan? Or, was she a woman who wasn't part of the royal bloodline? Therefore, any female who wasn't of royal blood was considered a sinning prostitute? Jesus and Mary (did Jesus have a mother complex?) are said to have had sex, unmarried. As a result, the child, Sarah, would have to be kept away from their (his?) society. Since Mary was a prostitute, Sarah would be treated as an orphan or given away to foster parents, etc.

The beginning of Homeless Women had begun historically and biblically with Mary Magdalene and Jesus (why is her last name always used, but not his?) since the Hebrew bloodline of Jesus arrived on Earth. The documentation of historical events are noted, beginning from the year of Jesus's birth as the A.D. timeframe. "Bearth" was spelled as "birth" because he was an alien descendent of the Roman God "Dis/Des"; not of this Earth. He was a distinguished

man? He possessed "Dis" DNA and the ability to "sting" like an insect. It is a very remarkable reality in Seattle that "the help" they give to The Homeless begins at DES (the name of their God) which is the abbreviation for Downtown Emergency Services (serv-vice; not care). The book, Bible Fraud: The Untold Story of Jesus Christ, by Tony Bushby, provides information about Jesus's life from the archives of the Vatican.

Was Sarah the first child to have been born out of wedlock, who needed to be given away to "conceal" premarital sex? Obviously, the answer is negative. Before God created the "Institution of Marriage," the follow-up institutions weren't a necessity to "conceal" the unmarried couples' illegal, i.e., pre-marital orphans. Natural sex didn't lead to an eventual life sentence of being a prostitute or an orphan if the child was born "outside" of God's wedlock. Obviously, with keen insight, Poland considers The Homeless to be "The Outsiders!" Mary's contribution to homelessness is recognized, while Jesus's equal contribution is kept "concealed". The orphaned child received Jesus' punishment? She was sent to a refuge (hence refugee) which was socially acceptable because it was called an orphanage. In actuality, it would eventually become a façade for a prison of workers. What would have occurred if Jesus' child had been a boy?

How does Sarah, the orphan of Mary Magdalene and Jesus Panther (Black Panther = Jaguar Cat), the Magdalene Laundries (located in Ireland but worked by orphans labeled as prostitutes), and America connect together, with the problem of homelessness? A woman Elder one day revealed the following story about her youth: She ran away from home and needed some clean clothes, so she stole them. She was caught and the judge sentenced her to live and work in a laundry for six years, located in Seattle, Washington.

The laundry was enormous because it did all the laundry for the railroads of the Northwest. The name of her prison work-site was The Home of the Good Shepherd. We have most certainly learned that

Jesus was recognized as the Good Shepherd. According to God, his father, Jesus wasn't a good shepherd because his flock was women instead of sheep? Were Mary and Jesus so obsessed with washing clothes and feet because they were trying to wash away their sins of fornication? For almost 2000 years?

In 2000 A.D., the Noel House functioned as the hub for many of the womens' shelters in Seattle. Numerous boxes were stored, in open visibility, that were labeled "Sisters Project?" "House", in certain circles, refers to "family bloodline." If we connect the "Noel" in Noel House to the "Noel" of Christmas, we can see that "Christ's" House is where the Mary Magdalene Sisters have another orphanage (Sisters Project)? Once again, this house could conceal Mary and Jesus' connection to the roots of homelessness.

It could be that The Seattle Sisters are actually sisters because they could collectively belong to a "hereditary family as descendants"? The Seattle Sisters would oversee another group of women, whom The Seattle Sisters consider to be of lesser caliber, the way the Magdalene Sisters in Ireland, etc., deemed the orphans and the labeled prostitutes to be?

In Seattle, The Church of Mary Magdalene is run by women and serves as a day shelter for Homeless Females. Do you see that the results of Mary and Jesus's mating have very real repercussions in Seattle? The family of Jesus needs somebody to "help them" about self-forgiveness, self-Love, and living in the past? Is your homeless reality a form of psychosis or psychotic behavior that you are sharing with People who haven't anything to do with your past? Have God change his legal laws and we all will be set free from your 2000 year journey of abuse. You had better take this advice because The Indigenous Peoples are out of your merry-go-round. Should we correct that to say, "sad-go-round"? Goodbye!

How many other sad-go-rounds have to say, "goodbye"? Churches of Mary Magdalene are numerous, throughout the United States, Russia, China, etc. The Church of Mary Magdalene in Seattle, strangely enough, is part of Dick's Drive-up Charities. How is Jesus connected to Dick?

A TV documentary, about the Magdalene Laundries, spoke with various women who had been workers at the laundries, in Ireland. They reported that they were kept from their families, worked, abused, and their hair was cut.

After the documentary a woman visiting Seattle, from Ireland, revealed the following family history to me:

"I am 57 years old and just recently my brother, sister, and myself learned that our Mother had twelve children (nine out of wedlock and had given them away). One of my siblings lived her entire life at the Magdalene Laundries. She is very angry because her life was only with other women and work. She had a life of misery, while the three of us became professionals and earned a very good wage, which gave us our independence to marry good mates."

"USA Today," August 5, 2003, gave the following information: A film, "The Magdalene Sisters," was released in Europe exposing 30,000 women who were kept as slaves and were abused psychologically, physically, and sexually. The article says further that some of the women, who had been slaves, reported that the actual abuse by the nuns, was worse than the film revealed. The last Magdalene Asylum, in Ireland, closed in 1996. Did it take a new name?

Walt Disney was to have released the film, "Sisters," but the film has yet to arrive in Seattle. Why? "USA Today", reported that the Catholic League (The American Lay Catholics) protested the film, urging Disney to dump "Sisters" in the United States. The church

tried to stop the film but it is available in video as, “Magdalene Sisters.”

Maybe, all of us could now gain a different perspective on Jack London’s, Children of the Abyss, since it is a book about The 30,000 Homeless, the workhouses, and the living conditions of the 19th Century poor?

However, in Chicago, the Lexington College, was founded by the Spaniard Jose-Maria (Joseph-Mary) Balaquer of the Opus Dei (work of God). According to “The Seattle Times” January 5, 2004 issue, women from less-fortunate neighborhoods are “helped” by getting trained in the hotel and restaurant industry. Is “the help” actually training to work in the laundry and cleaning areas, as slaves, in modern 2004 clothing? They are also revealing abuses to their bodies, while they are told that they are the elite guard of God!

In 2014, the film, “Philomena,” revealed the true story of Michael Hess (born July 5, 1952), who at age “3”, was taken from his Mother, Philomena, at the Sean Ross Abbey (abbreviation for Abraham) in Roscera, Ireland. The Abbey was presented (disguised) to the public as a Convent School, but a tremendous amount of endless labor was the actual reality. Philomena worked at the Catholic Abbey in exchange for board and the privilege of visitation rites with her son. She was suddenly forced to part from her child. They both spent the remainder of their lives trying to find each other.

It was said that he was adopted, but was he sold? The beautiful Irish children, in New York, were also said to have been adopted, when actually they were sold! Their story is in the book, The Great Arizona Orphan Abduction, by Linda Gordon.

From, The Homeless, in the Good 'Ole U.S.A.

To summarize the overall Taurus-Learner Eclipse: To learn the value of life on Earth. At the center of this lesson is the seed, because seeds Bearth life. How do you understand the following phrases?

You are the seed and Love is the blossom, or Love is the seed and you are the blossom?

The New Year should recognize spring as the beginning of the year, because new life begins at that time. The Chinese began the Piñata, for which the Spanish have assumed recognition. However, the Chinese filled their paper designed animals, etc., with seeds (instead of sedative-inducing sugars) and the seeds were distributed at the New Year's celebration. The Chinese New Year is whenever the New Moon occurs during the month that recognizes The Universal Sun Sign (Aquarius). This is very logical thinking.

It was Marco Polo, who brought the Piñata, from China to Italy, where it became Pignatta, for fragile pot. Thereafter, the Spanish missionaries “took” the Piñata (Spanish for Pignatta) to Mexico in the 16th Century. The Spanish missionaries used the Piñata as a religious conquering tool over The Indigenous Indians. They were told the star shaped Piñata represented the “7” deadly sins. Striking the Piñata blindfolded, was their equivalent of blind faith and their will power to overcome temptation. The sugars inside were their reward. Have they, since then, been able to overcome the temptation of sugar or alcohol (a grain to sugar variation)?

The significance of touch is very powerful. The seeds need to be touched, by your hands, as they enter the Earth because they are Earth, Herself. To touch another Person is a great necessity of life, which is impoverished to most People. Life can't remain alive unless it is touched, whether the Person is a baby or a ninety-year old. Plants, in houses, are more alive when they are touched.

The Taurus-lesson Person is here to learn to be a Masseuse. The Taurus-Mastery Teachers have the most tremendous touch for massage. They realize their expertise and because they understand “the value “of their work, the price of massage has just about gone beyond the reach (pun intended) of most People.

Willie Nelson, an American country singer-writer, wrote and sang "Touch Me." He delivers an incredible sensitivity to the word "Touch". Please allow yourselves the treat of "Touch Me" . . . it is better than candy. Willie Nelson was born a Taurus Sun Sign (inherently has some capacity to understand "touch" and the use of the "voice") but came to Earth as a Pisces-Mastery Person (a Master Musician that allowed him to make good money) with a Virgo-Learner Eclipse. He certainly combines his Mastery with his Taurus Sun Sign in "Touch Me."

The phrase "Keep in Touch", currently, refers to letter writing or telephone communication; but, more deeply, it refers to staying close enough physically so that the Persons can actually be "touched" by each other. Maybe, the "touch of life" is the True Value (name of a hardware store in the U.S.A.) which the Taurus-Mastery Teachers need to Teach, to get TOUCH prioritized?

"A billion stars go spinning through the night, blazing high above your head. But in you is the presence that will be, when the stars are dead," by Rainer Maria Rilke. Your life is the most valuable and yes, beyond money! When all of your lives are equally valued, you will have realized the value system of life!

Taurus:

- A. Develop proper prosperity consciousness. Mastery Persons have frequent vacations. Perhaps, more than their share?
- B. What you do with money and how you obtain it is the problem, rather than money itself. Understand money and its investments. Be a Financier. Be intuitive about money.
- C. Have abundance (rather than abstinence in, previous, lives) and keep a correct Spiritual life, while feeling free to enjoy yourself.
- D. Stop self-destruction when you reach the comfort zone in your life. Realize your subconscious becomes uncomfortable with comfort. Because of past life memories of excessive taking, you lack feeling good about yourself Spiritually, when you possess a lot. Connect to beauty and accept comforts (includes money which can help obtain comforts).
- E. Self-worth is different than having material objects worth dollars.
- F. Stop the self-sabotage to stop your low self-esteem.
- G. Help others and accept verbal and financial gratitude. Have abundance without judging yourself and those around you.
- H. Stop being abused sexually or entering into sexual experience without mutual consent.
- I. Physically enjoy being in your body, so you can show other Persons the physical enjoyment of having an Earth body.
- J. Understand the importance of life-continuation garden seeds which are the open-pollinated seed; not the hybrid. Learn the value of seeds and seed distribution. Be a Seed Teacher. Teach People how to deposit seeds instead of money! That is Teaching the real VALUE of LIFE!
- K. Get yourself a firm foundation.
- L. Learn the value of everybody and everything.
- M. Be a Massage Therapist. Be a Toucher! Recognize the importance of touching in everyday life, beyond the customary handshake. Touch the Earth and be a good Gardener.
- N. Stop working for free!

- O. Use all your senses for enjoyment. Frequently, the Taurus-Mastery Persons are well-recognized Singers.
- P. Be The VALUE of LIFE WARRIOR!
- Q. Read: They Tell Me of a Home by Daniel Black
 Read: The Day They Shook the Plum Tree by A. H. Lewis
 Read: Gold Warriors by Sterling and Peggy Seagraves
 Read: Gulag: a History by Anne Applebaum

Physical: Ear, neck, skin, eyes, nose, and sense problems. Your thyroid can be out-of-balance, if you are uncomfortable being in your body. You could acquire rough hands, such as cracks and callouses.

Mother Theresa was an excellent example of a Person with the Taurus-Soular and Sagittarius-Learner Eclipses.

III. Gemini

The Gemini-Learner Person arrives this lifetime after many lifetimes of silence. What does silence accomplish? Silence allows the Person to objectively hear, see, feel, and understand how life functions or dysfunctions. This is a tremendous load of wisdom and information that they are to transfer to others.

However, after having spoken to numerous Gemini-lesson Persons Seka repeatedly has heard a similar response. They say that they are very intelligent but are incapable of expressing their thoughts, outwardly. When asked, they say that they also began speaking later, than most children do.

They actually lack the ability to communicate, rather than lack information or intelligence, and are pooled with Persons who have different and sometimes severe physical or psychological ailments.

How effective can retarded classes be for the Gemini-lesson Person, when they have a different reality that needs Teaching?

The verb tense "past perfect" surely isn't perfect, in that reality, nor is it indicative of the life journey of many Gemini-lesson Persons on Earth. Frequently, they hear the drum of a different beat, for which they are often misunderstood, due to communication difficulties from themselves and from others, which results in a difficult life.

Again, those who speak and communicate very well, typically congregate together. This leaves the slow communicators to do the best they can, among themselves. Obtaining a living is a problem because verbal communication is the entry to most jobs, etc. Therefore, this type of Person could be a late arrival on the ladder of success, if they lacked a supportive family environment, etc., that could have taught them how to communicate effectively.

Recently, Seka read Sharon McCrumb's, If Ever I Return, Pretty Peggy-O, which contained a sentence Seka thought could only apply to the Gemini-lesson Person. It said, "After twenty years of silence, the world ought to be charged interest for the loneliness and suffering of Travis Purdue."

Although that sentence had a different reference, it is a reality of the Gemini-lesson Person. Who is accountable for the unneeded silence and frustration of the Gemini-lesson Person? Sharon McCrumb said, "the world." This is partially correct as we apply it to our topic, but specifically, aren't the Gemini-Soular Teachers who live in "the world", responsible for the Gemini-Learner Person's inability to communicate? The Learner Eclipse Person's silence can be misunderstood, as a MASK for secrecy, stupidity, non-caring, etc., for which they can be labeled "suspicious" by others, who project their own qualities onto them when the Gemini Eclipse Persons are very reputable!

They are on Earth to cease their silence, but to stop that silence is a very difficult task. They live in a greatly dysfunctional society, which premier's "Silence is Golden" or "A child should be seen but not heard." In a Highly functioning society everyone speaks their thoughts effectively and listens, thoroughly. Perhaps, everyone would be more willing to listen, if everyone had the capacity to speak eloquently?

Martin Luther King Jr. is an excellent example of a Person who did his lesson, early in life, and who, as a result, was able to bring an end to the silence of racial and civil abuse in America. Fortunately, for him, he grew up in an African-American community, where verbal communication skills are encouraged for everyone, including children.

He was a Capricorn Sun Sign (they typically use their time efficiently) who graduated from high school at the age of 15, college at 19, seminary at 22, and had his Ph.D. when he was 26 years old. He definitely prepared himself, very well, for his Life-Path with the public. He also showed us how his innate brilliance became more potentized because of his determined commitment to his Dustuny!

Joseph Joubert said, "Words, like eyeglasses, blur everything they do not make clear." Clear speech can only follow clear thoughts? The Lankavatara Sutra said, "Words are just like a man carrying a lamp to look for his property, by which he can say: this is my property." Your words identify your thoughts, which are you? A Person who hasn't learned to think clearly can't express their thoughts with clarity; therefore, they may remain silent, rather than be thought a fool. This situation could also belong to the Virgo-lesson Person, who would have a different reason for their silence. However, the Gemini's reality for silence is the inability to physiologically speak their intelligence because they have immature neural pathways.

Dag Hammarskjold said, "The more faithfully you listen to the voice within you, the better you will hear what is sounding outside. And only she who listens can speak." Listening is critical to verbalization? Listening to others begins with listening to yourself (your own thoughts) first. If you don't understand your own thoughts, how will you understand the thoughts of others (what is sounding outside)? Only after you have heard (listen to the voice within you) clarity in your own thoughts, they are ready to be spoken as words (only she who listens can speak)? Dag certainly said a lot in a few words? He must have listened to his own thoughts and therefore, Mastered his outer communication? To accomplish this level of Mastery, Dag suggests that you be faithful to yourself, i.e., your Life-Path's Learner Eclipse.

Of course, when the expert Communicators readily dominate most conversations, listening can be excessive. The novice talker has to actively assert their equal time for speaking, during the interaction. "Hear me out," says, "Hear me, until I have taken out from my body, all that I have to say". If that isn't a possibility then, repetitive types of unequal conversing should be terminated and avoided. It lacks fairness and it lacks the learning potential for the Learner Eclipse Persons.

A very wonderful form of communication, although most often isn't recognized as such, is music. The first "note pad" was the music sheet of composition. Silence to non-silence; thought to sound? Therefore, the word "note" refers to both types of awaiting your response. Do you see the similarity? The symbol for the "silence to sound" reality is the musical note, that is shaped as a zero (the whole note), and is utilized in musical compositions. Notes of various time durations have stems attached to them. Various placements on the lines of the music sheet indicate the pitch/sound to be heard.

The second note pad was when a letter was received, via the mail, "I received a note from Billy" which indicated that the content of

Billy's pad was heard, inwardly. Billy's voice was heard the same way a singer or musician can hear the sound of the note on the music sheet, without performing them.

Numerologists, who search for the origin of the zero symbol, have said that it has been identified in various ancient civilizations as an open zero or as a dot. The Polka Dot is that dot! Polka Dots have been found on cups and saucers in the ancient Middle East civilizations.

The Polka Dot refers to the Spirit in the woman (the Bearther's orifice). The word Polka also refers to the sound that results in The Peoples singing and the music they play for their dancing. The cry of babies and singing occurs when the mouth takes the shape of the "O" or zero. The musical notes on paper duplicate that zero or when the dot is filled in! The whole note, i.e., zero also indicates The Universal "O" Blood Type of The Original Peoples on Mother Earth. It also indicates the perpetuation of The Circle of Life, via The Mother's DNA.

The Pisces-Mastery Persons can perfectly repeat music that they have heard, yet wouldn't necessarily be able to read the same notes, written on paper. This same reality occurs with Persons who speak languages, yet can't read them. Therefore, reading notes and words requires communication skills, beyond the musical ability. A person having a Libra- or a Gemini-Learner Eclipse would show the Pisces musical advantage easily in their lives, but not the spoken ability. When the Soular and Learner Eclipses are reversed, the Person has rapid communication skills first, followed by a difficult development of their musical abilities.

The Composer writes sounds rather than words. When the Composer-Songwriter puts words to music he utilizes two forms of communication, simultaneously (thoughts and sounds). Then the thought has become a musical sound, rather than just a spoken sound.

The thought in the song, could become as many sounds as the Singer is capable of singing. A greater communication is possible, if the Singer can fill the thought's sound (in word form) with emotion. If words can be notes then, we just need to give sound to the music to change it into singing? Are you ready?

Gemini:

- A. Communicate (various ways, especially verbally). Become a Storyteller. Be a Linguist.
- B. Correct usage of language and social behavior.
- C. Stop taking things for granted and think everyone thinks alike.
- D. Align your consciousness with The People.
- E. Thoroughly speak your thoughts (internal thoughts need correct verbal expression). Ask the Person to repeat what you said.
- F. Learn that communication is clear effective giving and receiving of information.
- G. Trust totally your belief system and that society lacks the control to change your mental abilities and the soundness of your beliefs.
- H. Learn that socially you have the right to say, "I won't".
- I. Realize that the poorest communicators use cursing for talk.
- J. Spend time alone. Illness will provide it for you, if you fail to be alone.
- K. Integrate social life with alone time. Integrate both of these realities while, honestly, communicating your needs to others.

- L. Find ways to share all that was learned in past lives when you completely did your Spiritual-Path. Share the common denominator that exists in all religions and philosophies.
- M. Learn: Body language, foreign languages, Storytelling, Hand Sign Language, Astrological Sign Language (about the planets), singing, and to be a clown. Use dictionaries, take acting classes, do public speaking, mime, and physically travel because they are all forms of communicating. Especially learn to talk with your inner self! Listen to your inner voice! Thereafter, learn to write your information to all of us!
- N. Stop stuttering, dyslexia, and slow speech, etc. Frequently, the teeth and the mouth are slightly out of alignment, because the communication system between the brain's thought and the mouth are sluggish, due to past lives, when speech wasn't utilized. This area needs to be exercised! The Masters in this topic have perfect teeth and well-formed mouths!
- O. Be a Traveler. Everybody isn't here to be in a house all the time! It takes a greater Person to travel than it does to remain in the same house every day. Demand respect for the Travelers!
- P. Define conversing to include listening. Seka asked a Gemini-Soular Eclipse Person to define conversing and she said, "No one can hear what I have to say, if I don't listen to them." In other words, her response would be incorrect if she had not listened to their comment. Recognize that listening is different than silence because silence is, frequently, misinterpreted.
- Q. Be a Traveler and a Communicator.
- R. Be the STORYTELLER WARRIOR!

- S. Explore: Learn where to best locate that which is the reason for your traveling @ www.astro.com or Astro Numeric Services, i.e., Astro-Carto-Graphy @ 1-800-Mapping (get local space lines). The latter offers a booklet that contains each planet's affect, on your life, at certain geographic-sites.

Physical: Lungs, nervous system, hands, arms, and shoulders. When you have learned to integrate your perspective, physiology, psychology, and Life-Path you will have learned the body-mind-emotion-Soul communication. If you say that other People's input lacks importance then, you separate yourself from the interconnectedness of everything. When you value other Persons' thoughts, you Teach your body to function as an integrated whole.

Clyde (of Bonnie and Clyde) had the Capricorn-Soular and Gemini-Learner Eclipses. The Yup'ik Elder Paul John had the Gemini-Soular and Sagittarius-Learner Eclipses.

IV. Cancer

Some of the greatest diplomats, spies, and presidents are the Cancer-Soular Eclipse because, under high stress, they remain calm. What if a Cancer-lesson Person had the same job? It surely is possible!

Oddly enough, the founding of America has Cancer as its Astrological Birthdate Sign. Although, America's Soular and Learner

Eclipses, most probably are different, the country will have minimal characteristics of the Cancer-Soular and -Learner Eclipses because of its Fourth of July birthday. Likewise, every Person is minimally similar to the Eclipse that parallels their Astrological Birthdate Sign, such as Micheal Hess, in "Philomena," who was born a Cancer Birthdate sign on July 5, 1952. His Soular Eclipse was Pisces and his Learner Eclipse was Leo, yet he still became orphaned as many Cancer-Learner Eclipse Persons do.

Where else, but in America is the soil so plentiful, yet People are very hungry and malnourished for generations? Where else, but in America does the pretense of everybody having a good home escape the actual reality? The answer to these questions resides in the fact that the Cancer-Soular Eclipse rules over Mother-care/Matriarchy, stable emotions, and security, while America is ruled by Patriarchy, via its July 4th birthday.

How will America ever function, as its birthright (countries can't be born; this is a mental concept) dictates, when such an insane reality permeates 283 million lives daily? The Americans (America) will proceed forward when they wean themselves from the cow's breast, which is their surrogate Mother's milk. No creature, having normal psychology, remains connected to the breast for their entire lives, except the civilized population that arrived at the North American continent five hundred years ago!

The Cancer-Learner Person's disregard for healthy and nurturing foods reveals itself when they deposit their dogs' excrement, in plastic bags, into trash cans just before they enter the grocery store. Thereafter, they touch foods with unwashed hands (passive-aggressive anger?). Is this the example adults should give a child to duplicate? Cancer Eclipse individuals would actively express their negative mode with volatile anger while a country would use guns, bombs, invasions, etc. Of course, starvation (sanctions) would be a great military weapon.

Further, dysfunctional nurturing has very specific realities, such as the Mother who doesn't feed her new-born infant, doesn't cuddle her child, or provide adequate clothing. Frequently, the parent drinks, because of the need to drown anger and because she hasn't learned how to feed herself yet, so why does a baby need food? When already inadequate foods contain sugar, they actually are infectious (feed bacterial infections) foods. Confectionary foods are replacements for "affection" the Cancer-lesson Person is unable to give or receive, in a nurturing way to themselves or to their child. Nurturing, which includes nutritious foods and plenty of them, would be the "care-giving" expression of a Highly functioning country or a Person with a Highly Evolved Soul.

The mouth is located in your head; therefore, your head is the beginning of your digestive system. Learn to hold all foods in your mouth so that the enzymes soften the food before you begin chewing. The mouth's enzymes are the first step in "thorough digestion" of your foods. Only meat-type proteins need not to be held in the mouth, other than for chewing because their digestion begins in the stomach. Your head (ears, nose, throat, and eyes) suffers symptoms of your dysfunctional G.I. tract that is caused by incorrect foods you feed yourself. Your G.I. tract ends at your rectum. The full reckoning occurs at your rectum (tomb). It either puts the processed foods to the tomb or it puts you to the tomb by you having "dug your grave with your teeth," as the Chinese say.

Americans daily say, "take care." Where is "the care" taken? Is this why so many People don't care for themselves? If "do care" (for yourself) were used, then the phrase would identify what needs to be done, who does it, and for whom it is done!

A Cancer-Mastery Eclipse example: A woman artist gave an exhibit of her blankets at an art gallery. During the reception she said that she donated all the gorgeous blankets to Persons in need. She possessed Mother nurturing energies and, therefore, understood that

the blanket gave protection and warmth, which resulted in a certain type of security (cuddling-nurturing), i.e., "security blanket" for those in need.

Seka had a Cancer-lesson acquaintance say that the reason he didn't like dating females was because they were so "needy." He had been asked to take his date to a restaurant. This type of male frequents other male companionship to mask his inability to provide nurturing foods to females. Many times the female Cancer-Learners obtain abortions because they don't want to eat to feed the food demands the in-utero child requires.

As just stated the "black sheep of the family" usually resides in the Cancer-lesson Peoples. Many orphans are generated by Cancer-lesson parents or the Cancer-lesson child departs on their own, at an early age. Orphans or Street Persons can also be found under the Astrological Cancer Bearthday Sign. The Astrological Capricorn Bearthday Sign makes their contribution of orphans because Cancer is its opposite Sign (six signs away).

A modern method for creating orphans is impregnation, via sperm bank donors. When the donor's name is kept from the child, the code of silence makes/gives the child a 50% orphan status. This style of making orphans won't be exposed until these children realize what has happened to them!

Fear is a central theme, when the Cancer-Mastery or -lesson Person functions in the negative mode. They become isolated or they isolate others, due to their own or other's physical outbursts of anger. Frequently, dogs are utilized as a form of protection because the Cancer-lesson Persons are so fear-based.

Their chronic fear, eventually, leads to a completely dysfunctional family life whose members will have become strangers to each other. Distance, walls, and anger create a defense for the Person who is fear-based. Silence, from lack of adequate communication, creates

further distancing. Each member recognizes the other's wall of personal defense, rather than learning about the Person inside the wall. This type of Person has a similarity to the Universal Eclipse Person because they both will have pathways inside their home. However, the reasons differ because the Cancer Eclipse Person functions from fear while the Universal Person functions from a mental-emotional, i.e., cellular fixation problem.

The negative Cancer Eclipse Person lacks peace because they lack the ability to feel healthy emotions. Instead of taking plenty of time to mentally think about situations and choosing the correct healthy emotion, they instantly resort to their fear-anger mode and explode. They need to "digest" thoughts by "taking into themselves thoughts as foods". In this way, they would learn to avoid the fear-anger cycle they recognize, as their life.

Frequently, due to anger, the Cancer-Learner individual wasn't taught and can't teach their own children reading, writing, multiplying, or dividing. Infants aren't born with the neural pathways needed for those skills or for their potty needs. To nurture, the parent needs to do face-to-face talk using a singing type of voice that dips and rises, while the vowel sounds are stretched out. A baby needs an Elder to talk, play, and challenge their learning abilities. Language goes in their eyes and ears and out their mouth and hands.

They are to become a Psychologist this lifetime. One of the problems, inherent in this reality, is that many Psychologists obtained their degree from paper tests, rather than from Life's experiences. Therefore, they aren't very capable when a Cancer-lesson Person seeks their assistance. Should the expert Cancer-Mastery Person be in the Psychologist's chair, they most probably will receive help. The movie, "Love and Mercy," tells the true life story of Brian Wilson. A certificate degree Psychologist captured, abused, and controlled Brian for many years, until a sane woman (appeared to be a Cancer-Soular Eclipse Person) salvaged his life.

One day Seka spoke with a man who was a Cancer-Mastery Person, yet he did not have a degree in Psychology. He was asked if he met angry People. He said he felt that he was a magnet for them and that he didn't understand why. His students had found their Teacher! Beyond this type of problem the Cancer-lesson Person easily will become a workaholic, alcoholic, or sex maniac because either reality brings exhaustion to their anger.

The Cancer-Soular Person or the Cancer Bearthdate woman is readily aided by males. Men seem to easily give money to women who have positive Cancerian energy. A woman one day said that she had too much money given to her by men. Such a problem she had? Surely, she could have transferred the funds to her Cancerian-Learner friends or to any female, who are ultra-fashion model thin, from anorexia or lack of funds to purchase their food?

Lao-Tzu said, "Hope and fear are both phantoms that arise from thinking of the self. When we don't see the self as self, what do we have to fear?" In other words, isolation is at the root of fear because fear causes us to see ourselves as different, than the other Person? Seeing ourselves as being the same as all other People will remove the walls of defense because we have nothing to fear. We are the same as the clouds. What would happen if each cloud isolated itself, from all the other clouds?

Francis de la Rochefoucauld said, "When we are unable to find tranquility within ourselves, it is useless to seek it elsewhere." Soen Nakagawa said, "Looking for serenity you have come to the monastery. Looking for serenity I am leaving the monastery." They said, how does anyone expect to get or put peace inside themselves that resides inside another Person or building. Are those types of ventures based on the assumption that peace can be taken or robbed? There are types of travel that are motivated by desperation!

"The Fear Poem"

by Joy Harjo

"I release you, my beautiful and terrible fear. I release you. You were my beloved and hated twin, but now, I don't know you as myself. I release you with all the pain I would know at the death of my children. You are not my blood anymore.

I give you back to the white soldiers who burned down my home, beheaded my children, raped and sodomized my brothers and sisters. I give you back to those who stole the food from our plates when we were starving. I release you, fear, because you hold these scenes in front of me and I was born with eyes that can never close.

I release you.
I release you.
I release you.
I release you.

I am not afraid to be angry.
I am not afraid to rejoice.
I am not afraid to be black.
I am not afraid to be white.
I am not afraid to be hungry.
I am not afraid to be full.
I am not afraid to be hated.
I am not afraid to be loved,
to be loved, to be loved, fear.

Oh, you have choked me but I gave you the leash.
You have gutted me but I gave you the knife.
You have devoured me, but I laid myself across the fire.
I take myself back, fear.
You are not my shadow any longer.
I won't hold you in my hands.
You can't live in my eye, my ears, my voice,
my belly, or in my heart, my heart
my heart, my heart.
But come here, fear

I am alive and you are so afraid
of dying.”

“Emotional Regularity”

by Victoria Polonia

Just like gasoline . . . are your emotions regular or premium?
Do they cost you little or a very high price?
Are you efficient, i.e., get the most productivity with your emotions?
Or, do they leave you burdened by the weight of their destructiveness?

Inflammatory remarks can set them afire?
Suddenly, your inner self is a wild fire gone wrong?
Spreading beyond boundaries of self-control
Into dangerous zones that leave a scar as its permanent memory?

From that inflammatory remark you allow
Someone to get you off-balance emotionally?
You blamed them, but you allowed it to happen?
Your body is a fire hydrant,* so use it!

The clock of time ticks back and forth, tick, tock, etc.
Far to the right, far to the left! What ticked you such a distance?
In the middle, nothing swings so extreme, it's the middle
The middle is the emotional stability living regularity!
Feeling the growth, left or right, fiery thoughts travel in you.
Water them down with Love for “Emotional Regularity”.

* Your body should be composed of approximately 80-90% water, but depending on your pollution levels your body could be 65% water!

Cancer:

- A. Interact with stable emotions, i.e., emotional regularity.
- B. Digest the situation and then, make emotional judgments appropriately needed.
- C. Learn to function with thoughts during a crisis.
- D. All of your fears of removing your emotional shell are from your lack of inner security. Separate the ability to provide from the ability to experience emotional nourishment. Allow the emotional type of nourishment to go into your body the same way food nourishes you. Love, that isn't correctly nourished, will turn to indifference and, eventually, to hatred (anger, aka, fear maxed to its limit). Change is the bridge that takes fear to the Love that you need to be nourished with, to be healthy.
- E. Learn the emotional responsibility family members have towards each other. That your defensive attitude is what separates you from your family, rather than who you are. Stop being the orphan or the black sheep of your parents' family. Stop hiding in the outside world to avoid dealing with family and emotions. This creates your imbalance. Keep your children within a family (yours)! Stop making orphans who are made to imitate your own youth! They could have different Eclipses. So, be a Mother or a Father to your Bearthed children.
- F. Have a sense of belonging, within yourself, and you will possess a sense of your own value in relationship to others. Question extreme relating with the same sex. Is it used to distance you from establishing stable emotions with an oppositely sexed mate? Learn and Teach bonding with People instead of Teaching how to bond with a dog, goat, etc.

- G. Be a Psychologist.
- H. Stop being a workaholic. Do you use work as an escape from emotional realities?
- I. Feed yourself and your family. Stop using incorrect items as food, such as alcohol to dilute your emotional anger-fear. Junk food Person? Learn the food which your body “needs” instead of what your emotions require. Be a Nutritionist! Be a Nurturer!
- J. Use your body to transform negative emotional energy into positive energy. Recycle your emotions, like the cans that get recycled.
- K. Keep your teeth healthy! They require food that they need so that you can chew the foods which all of you needs!
- L. “Be a Caregiver” (learn to care)! “Do care” for yourself, i.e., grooming.
- M. Be the PSYCHOLOGIST-NURTURER-PEACE WARRIOR!

Physical: Ulcers, gastritis, indigestion, heartburn, belching, or water retention (your body does a physical nurturing with water because you lack psychological nurturing of yourself). Abscesses, growths, pancreas, and uterus/breasts problems. Calcium problems. The ocean helps you greatly.

The Dalai Lama has the Cancer-Soular and also Cancer-Learner Eclipses. Duplicates are necessary, when the lesson wasn’t completely learned in the, previous, lifetimes.

V. Leo

The Leo-Soular and-Learner Eclipse Persons contain within themselves the potential for a life of romantic Love, fun, creativity, parties, entertainment, and play. The Leo-Soular Person has all of those qualities in abundance, yet has enormous difficulty Teaching the Leo-Learner Person how great all of the good life truly is.

For instance, a Learner mate is capable of outrageously blocking Love through work, vacations, and even temper. Their type of anger is of a different root and quality than the Cancer's or Scorpio's anger contains. The Leo-Learner Person is afraid of Love!

Seka had a Leo-Soular Person describe the following scenario: A male Leo-Teacher said, "I Loved her with all my heart, gave her everything, adored her, took her everywhere, bought her wonderful gifts, gave her a house, and more. One day she threw the ring in my face and said that she was leaving me for another man. I later found out that he was stingy with her, mean to her, and that she wasn't Loved. Yet, she wanted to live with him, instead of me."

A female Leo-Soular Person said, "The man was an Apollo, he was so gorgeous. He told me that he needed an older woman, who could understand his need to go slowly into a Love affair. He was good at carpentry and so he built their bed, when they decided to live together. Within time, a small argument occurred and he took the bed apart. He repeatedly did this behavior, each time a small encounter or discussion occurred between them, until reassembling the bed began to require too much time. He agreed never to take the bed apart again . . . but, he did, and this time he fled his true Love. Previously, he had been married and had a very handsome son, whom he never visited."

Many of us wonder at the many Loves the Hollywood stars have, during their lives. The predominant Eclipse of the star Person is the Leo, which deals with fun, laughter, entertainment, Love, broken-hearted Love, more new Love, divorce, and more new Love. The stars, most of the time, choose a Leo-Learner Eclipse Person, or visa-versa. It would be the Learner Person who would want to free themselves of such great romantic Love. Their marriages end in divorce because it is too difficult for every day to be Valentine's Day!

The Leo-Mastery Persons, even in small areas of their lives, connect to Love. Seka met such a Person who had brought a plant from the east coast to the west coast of America. The plant's name was "Link of Hearts." They speak about Love and very readily say to all whom they meet, "I Love You." They have Love and they don't lie about it either. Talk to any Leo-Mastery Person and they will give you Love (different than bedroom "lov'in").

Another example: A woman, whose husband was the Leo-Mastery, bought him a big tombstone after he died, in the shape of a Heart, to represent what his life was all about. The spouse had an Universal-Learner Eclipse which he wasn't accomplishing. He Loved only his marriage spouse instead of, learning to Love everyone equally. He died of a Heart-attack in his forties.

The Master Entertainer, of recorded history, wore the name King during his own lifetime. Elvis came to Earth as a Master Entertainer and he Mastered his Pisces-lesson, which dealt with music. Because he Mastered the two areas of his Eclipses and also, because he was born in a certain year which qualified him as a Masterful Singer, he was truly King, when those abilities converged. Other Persons, who aren't Master singers, yet are Mastery-Leo Eclipses, can easily entertain when using a very small note range, even if their voice lacks beautiful sounds!

Elvis sang Love to everyone on Earth unrestrained. His courage in this area should further give him the title of "Love Warrior" because he had a "Brave Heart." While braving life's daily battles of hatred he released his cupid bow to send the Love arrow, with the sound of Love that was in his songs, into the Hearts of everyone.

The black-belt karate moves Elvis utilized on stage, simulated the battles he fought in his own life, so that he could show us the power of his Love in song. Thereafter, he bowed in a crouch position, with his arms outstretched, to show his fringed garment which represented the spread wings of the Eagle (with whom he resonated) who had flown to Earth, who was himself.

Verbally, Elvis never spoke to crowds in a Teaching scenario. Elvis's show, on stage, was actually him Teaching us how to perform with Love. He showed us how to stand strong for Love, what the rewards are, what the response is, what the price is, what true freedom can release, that Love never dies (because his Love lives), how to give that which sounds within each of us (singing), and how to give to everyone. Elvis was King Globally!

That which Elvis showed us seems to be endless, in itself. It is for these reasons that Elvis was King, in Show Business. His performances were classrooms, where everyone felt ecstasy, Love, joy, fun, laughter, yearning for the handsome man filled with Love,

beautiful sounds, and where many, even got kisses. To observe the King, at his pinnacle, watch his early 1970's performance at the H.I.C. arena in Honolulu. It was a live World Satellite Concert arranged by Pat O'Day and Tim Moffatt.

Elvis definitely showed us how The Universe never intended for our lessons to be difficult. When will all of us allow ourselves to get on with the Love and the fun in life? Why are we stopping it? How much longer can the rest of the population on Earth wait? If Love comes that handsome, can 4 billion Elvis's be ordered?

Jelaluddin Rumi said, "I want to sing like birds sing. Not worrying who hears or what they think." John Muir said, "The Sun shines not on us, but in us. The rivers flow not past, but through us, thrilling, tingling, vibrating every fiber and cell of the substance of our bodies making them glide and sing." This reality occurs because the Heartbeat resonates through the waters of our bodies, which were rivers, previously, and will be again, to create the sounds of our singing voices. Hakuin said, "In singing and dancing is the voice of the Law." Life and Life-Paths can't be lived, if we don't release the music of our voices and feet because they are part of the Laws of Living. To avoid doing them, we cease to be totally alive!

Too much seriousness dominates most of our daily encounters and experiences. Good, spontaneous humor, from natural wit, is almost absent. Oscar Wilde said, "Seriousness is the only refuge of the shallow." What causes shallowness? Sitting, hiding, cowardice, agoraphobia, lack of confidence, lack of freedom, etc. Why? Because they don't allow the Person to experience life unchartered, that would bring them depth! A Person who, eventually, acquires depth will continue to live many types of experiences, because they possess the opposite of the above qualities. Unchartered life can be very spontaneous and unpredictable. It requires a Person strong and brave enough to handle, instantaneously, whatever is around the corner (it's impossible to see around the corner).

Comedy and laughter are a great aid in times of difficulty. They can prevent arguments, battles, etc. If a comedian arrived at the Peace Conferences, what would happen? How about a comedian on a diplomatic mission? "Where laughter is no stranger is" could surely help neutralize war talks? The Natural Born Comedian also is a Person of Love. Wouldn't all of us have a better chance of avoiding a future nuclear war by showing the serious diplomats, having serious discussions, how to bombard national conflicts with laughter and Love, instead of with bombs? Is life getting easier and Lovelier because Love is the seed and you are the blossom or you are the seed and Love is the blossom?

Leo:

- A. Accept Love. Become a Love Teacher.
- B. Balance a, previous, life of Universal Love to include Personal Love.
- C. Drop your ego. Be the collective ego. See your individual creativity reflect the beauty of the whole.
- D. Be proud of yourself, which requires you to develop yourself. Make yourself as valuable to others as possible. Stop being the doormat of society.
- E. Realize that Loving yourself is before your Love can go to others. Then, you can accept Love from others. Allow Love to be a constant reality in your daily life. Otherwise, you isolate yourself with an unrealistic reality!
- F. Overcome the fear of getting caught in the rush of the world, if you become an individual. Stop fearing that too much will be expected of you, which you lack the ability to give. Stop concerning yourself about the future outcome of what you do.

- G. Allow Love for yourself, because it develops your Soul.
- H. Have fun. Be creative. Be an Actor, Singer, or Entertainer. Teach LOVE!
- I. Share glee and joyfulness. Keep the child energy for your own enthusiasm alive, for all of us. Be a Clown!
- J. Be worthy of having Love while being strong enough for self-identity.
- K. Allow “romantic Love”. Marriage isn't a requirement for your Soul's Evolution this lifetime.
- L. Teach the “Right to Laugh and Sing” in public!
- M. Teach the “Change of Heart” to politicians who, otherwise, are only capable of changing mental-paper laws!
- N. Be the HAPPY-LOVE-PEACE-CLOWN WARRIOR!
- O. Read: On Lynchings by Ida B. Wells
Read: Decoding Love by Andrew Trees

Physical: Weakened Heart muscle. The essence of Love is the very essence for survival. The absence of Love will domino to disorders that correlate to the vitality of life. If the Heart is empty of Love the Heart stops the spinal column from carrying the messages from the brain to the body. This is the syndrome of the Broken Heart.

John D. Rockefeller III had the Pisces-Soular and Leo-Learner Eclipses.

VI. *Virgo*

The authoress, Sharon McCrumb in, If Ever I Return Pretty Peggo-O, says, "The tentative smile of one who is lost, confused by

technical details A smile that asked for patience and a little kindness to straighten the matter out. But when the matter is a brain full of tangled neurons, nothing will straighten it out; it will only get worse, and the smiler will die lost." Those sentences surely refer to a different subject but the theme is descriptive of the Virgo-lesson Person's journey.

In their typical rambling conversations they can say, “I don't know, I mean, you know what I mean? I don't believe in black or white, wrong or right and good or bad.” Those types of sentences express the mind of the Virgo-lesson Person. In their confusion, the gray areas are their perception on reality. They may talk a lot and never say anything clearly. The topic appears very elusive, when they speak their thoughts. If they answer your question, you may never get the actual answer because they don't know the answer!

The details of reality requires analytical thinking, which they lack at Beirth; therefore, what they see is fusion of everything. Since taking apart or analyzing situations is very difficult or next to impossible for them, they avoid it. Instead, they will say that everything lacks extremes or component parts to mask their inability to see, think, and discuss it. In school, as children, they have enormous difficulty in math and science, because they can't analyze. They struggle with organizing, because the first step is analyzing.

Another communication difficulty with the Virgo Eclipse novice is argumentative conversations. Lacking the ability to quickly think a separate thought, that connects to the topic in the conversation, they simply oppose the sentence the other person spoke. Repeatedly, they utilize this type of interaction until frustration builds within the talkers. Check-mate verbal skills, that encourages power control issues, also discourages healthy social bonding. Isolation can easily take root due to poor communication.

The inability to distinguish differences has further difficulties for them because, for instance, they can't see clean from filthy. They may never Personally bathe or clean their house, which can further have the appearance of a pig's pen, due to their inability to organize it. You could be offered some foods straight from "dumpster heaven" which they say is good for you, because the foods have mold on them. To counter any learning experiences, they may take a mate who lives similarly. If they don't have the homosexual gene, their mate could be a homosexual choice or they might be bisexual. They can't see the differences between the male and female bodies.

Seka met a thirty-year-old woman who was a whiz as a buyer. Her husband was divorcing her because she couldn't get their children ready for school in the mornings (get them organized on a time limit) and because their house was a pig's pen. The reasons that she, as a child, was prevented from being taught her lesson had many realities; but, primarily, her Mother was gone from the home, most of the time. Her Dustuny, however, required them to live together in their later years, since her Mother was her Virgo-lesson Teacher!

When emergencies occur, can they do their part? Their part requires analytical thinking so . . . depending on how well they have learned their lesson, their contribution may vary from walking around aimlessly, to a direct and accurate response. This is an example: An employee was cooking when the blender came apart, slinging its contents everywhere. The employee started jumping up and down saying, "I don't know what to do!" One of the customers suddenly said, "Unplug it!" How many People today, can "think straight"? The Person who said, "Unplug it" could think straight. An instantaneous response, that is accurate, can only come from a well-developed analytical mind. Natalie Goldberg said, "First thoughts have tremendous energy. It is the way the mind first flashes on something." Instantaneous answers can only release from the Person's body when they are created by mental clarity?

Seka asked a twenty year-old Virgo-Mastery Teacher, "What is your definition of analytical thinking?" He said very concisely and promptly, "Think thoughts and feel emotions." In other words, he thought that emotions were a separate part (analyzed) of ourselves. He very accurately said to "feel emotions" rather than to "think emotions". A Virgo-lesson Person could, amazingly enough, say that "think emotions" is the way to handle both thinking and emotions. That is exactly what the employee, in the blender incident, actually did! Although emotions do affect our physiology, in times of emergencies, Persons need to access discipline of their minds so that the emergency can be handled effectively.

Analyzing the details of life requires enormous thinking. Sometimes, to the point of exhaustion. The Virgo Eclipse Person may be unable to sleep, because they can't turn off their mind. They wear the thinker's frown, with buried grooves in their forehead, from overthinking. Paul Valéry said, "Man's greatest misfortune is that he has no organ, no kind of eyelid or brake, to mask or block a thought or all thoughts, when he wants to." He surely was describing the Virgo-lesson Person's inability to control or discipline (derived from disciple/student which means to learn) their mind?

A Chinese Zen saying is, "The mad mind does not halt. If it halts, it is enlightenment." Rodin's statue, The Thinker, depicts the Master thinker, to whom thoughts flow clearly, and therefore, effortlessly upon demand.

The Bhagavad Gita says, "He who controls his mind and has cut off desire and anger realizes the self." Only then, can he realize that he is a "part" of the whole (an example of applying analytical thinking) which is his "self"?

How can the Virgo-Learner Person clear their mind, to be the Master of it, as was just discussed? To make space for mental gymnastics, the mind has to be cleansed, by removing every thought

that is aged or incorrect, while only recent and well-constructed thoughts remain. They have to clear their mind, the same way they clean their home. Each represents the status of the other.

They have to learn that it is hard to develop new ideas and attitudes, when their mind has aging mental clutter in it. The mirror reflection of their inner and outer worlds can thereafter, be a reality, i.e., there isn't any difference between the two. To what degree can the size of the reflection be? The greater the mind has been emptied (inside cleansing) the greater their world (outside reality) can expand.

How well do the Virgo-Learner Persons function in the world? They are born with trust issues. Because of their inherent difficulty at analyzing, they can be misled as to what is right or wrong behavior. This vulnerable quality can potentially be utilized by others, to get the Virgo-lesson Person to accomplish dirty and amoral jobs. After jail-time they frequently say, "I trusted the wrong Person."

The world functions with the mind of the "Think tankers." Lacking analytical ability readily allocates the Virgo-Learner Person to jobs of lesser importance, such as dumpster pick-up workers . . . the dirty physical jobs. After being so well-used, it is understandable that they could further develop excessive trust issues? "Sparks" of electricity don't connect when debris corrodes the electrical wires. Life in The Peoples' bodies, the community, Tribe, village, or Mother Earth are similarly prevented from accessing their brilliant intelligence. You have the Sparkle Warrior Eclipse. Just remember, unless the cleaning item is totally natural, it will only add a poison to the area and could cause a dangerous chemical reaction.

The Virgo-Masters are well-liked by the world. Due to their expert analytical abilities they earn the good salary, which allows them to work and live in clean and well-organized environments. In the realities of the world, they live on easy street. The Virgo-Mastery Persons utilize, to their own advantage, their student's ignorance and

literally "dump" their filth onto them. It's a shame their Teaching arrives in such low standards, when they are the Masters of cleanliness!

However, everyone has a lesson to learn. Seka met a Virgo-Soular Teacher, who had the Universal-lesson. A portion of it requires the release of material objects. When Seka asked her if her house was packed to the hilt and needed to be emptied, she smiled and said that she was working on it by getting it "organized!" She wouldn't say how many organizational episodes she had experienced, nor the number of years of her learning process, but she did indicate that she had had many attempts at removing the objects. She was an organized pack rat!

Again, Carl Gustav Jung said, "The more critical reason dominates, the more impoverished life becomes . . . Overvalued reason has this in common with political absolutism: under its dominion, the individual is pauperized." He said that the powers, who dominate, think only and as a result life, itself, is being destroyed. The endless fragmentation of everything results in separate, isolated parts of the "whole" (such as boundaries on states or countries). This analytical process applies to companies or organizations and continues to occur, excessively, until the bounty of life has been split so many times that abundance, itself, has been destroyed.

Overvalued reason . . . the individual is pauperized? In the Taurus-lesson we saw that "Value" had its appropriate place for everything in life. However, the world "overvalues" ("over" indicates more than its actual value) reason (analytical thinking or reasoning ability) and those who lack it are fated to be paupers. Why? Because they have been cut off or separated from the "whole" abundance, by the over-worked analytical, i.e., fragmenting organizing minds who create organizations. Analytical minds keep company with analytical minds!

If everyone possessed analytical thinking, could everyone be rich? It would be impossible, because the money system (created by the analytical thinkers) overvalues gold. The money system and critical thinking are both out-of-balance because they each overvalue their "One" special topic! If the Analytical-lesson Person learned critical thinking, they could get their "part" of the gold; but, if everyone equally got their part of the gold, they would all become impoverished because the gold would have been divided into oblivion!

Virgo:

- A. Realize the Spiritual and physical worlds. Learn to stay away from the incorrect offerings of those worlds.
- B. Recognize your gullibility in seeing the desires and motives of others, when you make decisions. You need to learn to see how being in a physical body can change the Spiritual character of a Person. Their Earthly desires and motives may be of a lower quality than you thought.
- C. You are a Psychic at Bearth, but clouded. To clarify, you need to ask yourself, "Is this useful"? Then, you can trust it; otherwise, it needs to be discarded.
- D. Sort out fact from fiction. You lack discerning ability to see who is honest/dishonest. Again, ask yourself, "Is this useful to me"? Use analytical thinking to combat indecisiveness that is clouded by emotion. Emotions can trigger thoughts; but, for your Eclipse, you need to think thoughts and feel emotions separately. This helps you to clear your mind.
- E. Stop being a victim by asking the questions, who, what, when, where, why, and how. This allows you to be safer in your own life, rather than being led around by others.
- F. Your maturation occurs when you utilize reasoning ability into your behavioral communication with others. The reason you behaved as you did, was the motive.
- G. Be responsible for the foods and thoughts you accept. Deal correctly with the cleanliness of yourself, your environment, and The People you are attracted to sexually. Correct food includes elimination of alcohol, drugs, sugars, and incorrect food chemistries.
- H. Discipline yourself to be a responsible Person to your fellow beings, by helping them harvest what they planted psychologically and to take your own dream vision into the world (cities).
- I. Negotiator. To go around blockages with a different perspective.
- J. Keep on keeping on (grit).
- K. Learn to organize and prioritize. Be an Organizer for events. Be an Analyst.
- L. Be a Healer.
- M. Stop the junk food addiction! The Chinese have a saying, "The people dig their own graves with their teeth." We eat that which kills us? We choose every day, every meal, some, or all of the wrong foods!
- N. Critic (at work only, please). The recognition of flaws helps proper alignment of Universal intelligence and harmony.

- O. Be a math whiz!
- P. Think positive or think nothing (don't think). This can only occur after you have learned what is positive and negative thinking!
- Q. Take classes about personal cleanliness, grooming, and public health issues.
- R. Refer to the paragraph in the Cancer Eclipse regarding digestive enzymes.
- S. Be the ORGANIZER-SPARKLE WARRIOR!
- T. Read: Sharpe's Triumph by Bernard Cornwell
 Read: Wheat Belly by William Davis
 Read: Belching Out the Devil by Mark Thomas

Physical: Large intestine and spleen can knot, constipation (too little analytical), diarrhea (too much analytical), cramps, gastritis, abdominal bloating, and appendicitis problems. Could be attracted to botulism. Lymphatic system: Infections and breakdown of the immune system.

Jeffrey Dahmer had the Aries-Soular and Virgo-Learner Eclipses. Janis Joplin had the Virgo-Soular with Pisces-Learner Eclipses.

VII. Libra

Books, Librarians, Libertines, Gymnast, Lawyers, Warriors, Communicators, Entertainers, Dancers, relationships, partnerships, robbers, parenting, and more. They have one of the most demanding Eclipses, because so many realities are connected through giving and taking, via balance.

The Libra Eclipse Person may have acquired a certain part of their lesson but in the other areas they may remain deficient. An example: Seka met a young woman who told Seka that she couldn't balance her checkbook. Her lesson was the Libra Eclipse. Her mother-in-law, who was a Libra-Mastery Person, reviewed her daughter-in-law's checkbook to locate over a \$1000 in errors. Since Libra Persons are involved with books and balance, etc., and because practice makes perfect they, at the end of each day need to balance, i.e., "check" their checkbook.

The Libra-Learner Eclipse is different from the Virgo Eclipse, although they both involve numbers. The Virgo has to problem-solve with numbers; whereas, the Libra has to "balance" the amount of numbers that enters or exits from their bank account. A perfect balance is, equal amount "in" and equal amount "out". Unfortunately, the banks have developed penalties (punishment system?) for attempting to "take out" money that was never stored at their bank. The banks refer to this situation as "overdrawing the balance." Obviously, they "take" advantage ("take" money) of the lesson Persons they never taught!

Please refer to the chart: The banks should Teach their students that the funds entered, compared to the funds that should be extracted would be the "perfect balance" of equal "in" and equal "out". The remaining amount (4th column) needs to be placed under the future extraction column. It is the money in the bank's balance that becomes your Libra-Learner "out of balance" portion in your

bank account. That amount should be used quickly, not twenty years later. In other words, a savings account (for funds left in any type of account) isn't a "balance" statement. Stalled or constipated money stops the flow of accessible "give and take" throughout the lives of many Peoples. The word bank is derived from "bench" and means law.

	Entered	Future exit	Amount extracted	Amount remains
1/1/2004	1000	1000	500	500
2/1/2004		500		

Magnify those contained dollars to millions, billions, trillions, etc., and the "out-of-balance" condition becomes dangerously worse! Why don't the banks want you to actively do "perfect balance"? Because they want you to give them your money. They want you to do "imperfect balance" so that they can or other Persons can actively take your money, via loans! They have a bank account with your money, while you have a bank account with your money! This is a "double" account!

In what other types of ways does "out-of-balance" reveal itself in their lives? As children they use training wheels on their bicycles to compensate for their inability to balance their bike. Their dance class exposes them to have difficulty balancing their body. The tendency to be "out-of-balance", eventually, reveals itself in other ways, such as they read too much and exercise too little, drink too many liquids and eat too little food, stay indoors too much and out-of-doors too little, or have too many friends and too little alone time. In later years, they may walk "out-of-balance", by swaying from side to side, if they have lived their lives totally out-of-balance.

This scenario can maximize itself, into difficult problems in their adult years, such as an alcoholic Libra-lesson Person would most

probably drink a lot of liquor, before they ate any food. They would either stay with the boys or work too much. They would share little of their Personal time with their relationship partner or they easily would do all the giving in the relationship. This type can find their opposite very well. If the lesson Person functions as an excessive giver, their mate is the taker or if the Libra-Learner Person is the taker, then their mate is the giver. Each of them should be learning to "balance" their own giving and taking (within themselves) but, instead, they do only one part of it and their mate does the other part! They need to learn that perfection is in their life or situation when they or their reality is in balance.

Everything appears to be OUT-OF-balance: The finances between countries, the wage earnings between men and women, and the number of female presidents to male presidents. The amount of school days or work days compared to vacation days and the amount of emotions to intellect aren't balanced either. Everything should be equal to be "balanced perfectly"!

How is "perfect balance" acquired? If a Person can count to "50", see with their eyes, or feel then, balance can be obtained. The crucial requirement to perfect balance is checking the balance consistently, within a very short time-factor. For instance: Days worked shouldn't occur for too many days before an equal amount of days for Personal time is a reality; or, remaining too far to the right side before balancing the left side while walking a tight-rope. Again, lengthy time between checking and correcting the balance or going beyond the "50%" in any area, will allow "OUT-OF-balance", which is a huge problem! In an attempt to find Feng Shui (perfect balance) the Libra Eclipse Persons endlessly, move furniture in their homes. How much? They have rollers on their furniture!

Another incredible out-of-balance Libra dilemma is the following situation: To have a "dynasty" the "middle" ("middle" of 100 is 50) class has to be absent. Why? The middle class functions as a fulcrum.

They are the balancing component between the rich and the poor. The middle class prevents either the rich or the poor from experiencing extremes of richness or poorness, which is a brutal reality, when it is lived by the poor!

Further, the removal of “middle” -aged Persons or the precedent to “middle” -aged Persons (via armies) will remove the Persons for a “middle” class. The arrival of this particular reality is the return of the master (intentionally left non-capitalized) over the slave or the rich over the poor (the same). Depending on the pyramid (Ponzi) structure of the wealthy, this situation could be an actual “dynasty” or empire building tool! The dollar's pyramid says, “Ponzi.”

When everyone has the same “quality” of life, i.e., absence of rich versus poor then equality will be everyone's reality. Otherwise, the United rich group, receives all the rich quality merchandise, food, clothing, homes, cars, etc. Everyone else is given their portion (poor-shunned) of “poor quality” which is accomplished by “poor planning”, i.e., planning that is specifically done for the poor! This scenario is the OUT-OF-balance equality, which is inequality! Therefore, in America, equality is a lie. Where are The Universal Lawyers to balance the Scales of Justice?

Have you heard about your pH (Pro hydrogen) balance, i.e., your acid-alkaline balance? You are responsible for keeping your body perfectly at a pH of 7.25. Neglect of this particular balance can easily lead to chronic illness and death (imbalance). Numerous emotional and physical problems are alleviated when the intercellular fluids become balanced (requires 90 days). Health stores carry pH balance tablets. Master's Miracle, which is a liquid pH neutralizer, is available, via computer. However, you need to monitor your daily food, water, air, lotions, and thoughts, etc., to do your “part” (team effort) in being “perfectly balanced”. An extremely excellent article for PH balance is located at letter “W”.

People having The Universal “O” Blood Type have an especially difficult challenge to maintain an alkaline body. They require alkaline foods while most of the meals, foods, and water are acidic. This helps to promote health only for the A, B, and AB blood types because obviously, they aren't the ancient Blood-Type. Are the restaurants and grocery stores fair? Where is the justice for all the health problems the restaurants and grocery stores sell to The People daily?

The birds are the Teachers of the Libra-Soular Eclipse! How do birds balance? They possess an organ of equilibrium (equal librium/balance) in their inner ear that coordinates their movements, when they fly. This balancer functions only, for their horizontal flight. What balances their vertical walking, since their tail feathers aren't an equal weight for their body's weight? A second cavity in the pelvis of pigeons has been found to contain nerves and fluid which allows them to sit and walk, only when their eyes are open. Blind birds can't walk?

Further, the word Librium (equalibrium) is a pharmaceutical drug in the U.S.A. It is prescribed to calm (balance) many types of psychological-emotional problems. The drug functions as a crutch, i.e., an “outside” balancing agent when Persons, after many years on Earth, haven't learned their inner lessons of yin-yang emotions. The balance needs to occur inside themselves, rather than between themselves and an “outside” agent. The drug camouflages their real condition and it blocks them from progressing in their Libra-Learner Eclipse journey.

Warriors? What are they? They are Supermen and Superwomen fighting for justice, i.e., by balancing the rights and the wrongs. The Libra-Soular Person is the “WAR WARRIOR”. This type of Person may even have a name, such as EARL or KELLY which means “noble WARRIOR.” The Warriors of old did their battles physically but, currently, the battlefields have changed scenery.

Some Chess Players recognize who they are and honestly will say, "I am a Warrior (War Warrior) on the chess board, attacking pawns and kings, etc., and thereafter, I own it all, because I won the game." Those types of Persons can easily transfer chess attack strategies onto Earthly battlefields, where they are excellent as Field Marshals, Generals, War Lords, i.e., Defense Ministers, etc.

The courtroom, is another battlefield which gives justice in the form of punishments to the plaintiff or defendant. The Libra Eclipse students take Lawyers, as substitutes, for their Personal mental and verbal (transferred from physical) battles because they lack the acumen to handle the job. Many Lawyers are recognized as sharks, such as the movie, "The Rainmaker," portrays. Some Lawyers refer to winning when they say, "I blasted him/her or them (for corporations)." They speak as if a bomb had been dropped onto their bodies? Sometimes, violence is blatantly served by unfair Judges, yet supposedly, it's the best possible system? Who judges the Judges?

The Lawyers of the Globe have, frequently, become Generals in many of the wars and do they have the ability to take, take, take, and take some more, if not all of it! They exemplify the extreme "OUT-OF-balance" behavior because "giving" is never done in their wars. The result of their taking is that they "own" everything. They "own" the assets downtown where their "ass" can be "set" (placed, i.e., position themselves) on any and every pedestal! They actively do, on this Earth, the Chess Player's comment. What does "Attorney General" actually mean? The top military officials, who met at Wannsee, to discuss the "solution" to Hitler's problem, were nine-tenths Lawyers!

The solution they offered (to steal) were the lives of 15 million People in their extermination camps (and more beyond those walls). The word "offered" refers to giving; but, they used the word as bait for their thievery! The Libra-Mastery Person has the ability to do the worst of their student's Learner Eclipse (steal, take lives, lie, etc.)

while utilizing finesse, social grace, charm, poise, and wonderful communication skills. Wow, what a performance on the World Stage (actual life in the Real World compared to Elvis's Hollywood stage) they are capable of!

The white flag flies when the losing army "gives up" the fight. They "gave up" trying when asked, "Do you "give up" (refers to surrender)?" If both commanders were Libra-Masters, would either "give up"? How long could the battle last? Generations? It is very possible, because many of the present day battles have roots in other battles, from extremely long ago. The reason a Person lacks the ability "to give" is the same reason they would lack the ability to "give up" in battles! "Give up" has a "double" meaning. It also refers to "giving up" all the treasures!

Because those types of negative Eclipse Persons don't just take and keep lives, diamonds, land, and gold, excessively, they "keep ideas and thoughts", as well. They lack the ability to get it (the battle) out of their mind. Their problem is the "out-of-balance" reality of that which "goes in" needs to "go out". Spiritually, they are constipated (again, referring to provisions)! "Get it out (take it out) of your mind" is a healthy phrase because the burden of the "thought is removed" and the Person is freed of the thought. That is the moment that Person gains their LIBERTY! Therefore, keeping the thought actually enslaves its keeper?

The Generals thought that they had won the war by enslaving their captives? Outwardly, they won the battle; but, inwardly, they lost a Bigger Battle. If they possessed a Virgo Eclipse with a Libra Eclipse the potential to "keep the thought", in their mind, would be greater. Did they go away from the battlefield? Never, because the way Generals think, that which they won't give, share, or get out of their mind is "defense" (they guard it), while their mental strategies to take, mobilize, invade, bring peace-democracy are "offense".

If strongly spoken to, the Libra Eclipse Person could describe the conversation as if they were “attacked”, because they understand that “attack” is offense (opposite of defense), to which they readily defend themselves verbally. This is how they think. What do all of you think about “how they think”? One of the ways they learned war strategies was by playing chess! Maybe, the military officers need to play a lot more chess games? They would have healthy places to “take pawns”, instead, of war games, where they “take lives” as pawns? Are they actually confused about who is who and what is what? Otherwise, for the rest of us, the War Warriors won’t give-up, until they get war out of their minds, the Teachers do their Teaching, or the types of Warriors on Earth are entirely balanced!

If the other types of Warriors functioned in their Bearthed capacities, the War Warrior’s needed performance, would be minimized. The War Warrior could be the last resort to defend life. However, when beginning, at the out-of-balance position, the Libra Warrior’s excessive attempt takes life to a greater “OUT-OF-balance” catastrophe! How will we ever realize how important all the Warriors are to keeping Peace, unless everyone contributes towards it? Thereafter, all Warriors would be Peace Warriors? Where are you?

Yes, the General Lawyers (changed professions from Lawyers to Generals, i.e., Attorney Generals and, thereafter, change from Generals back to Lawyers) are great at their City Justice. Why are they so motivated? Again, Seka will quote another remarkable insight by, Sharon McCrumb in, The Ballad of Frankie Silver, “Perhaps, it was a vestige of the old pioneer Spirit that inspired the elderly gentlemen to make lawyers of their sons: in that way, the family’s commercial ventures would not be at the mercy of outsiders when it came to interpreting and utilizing the law. The family would not have to take anyone’s word for the rightness of a business transaction or the meaning of a statute. If knowledge was power, then legal-knowledge meant commercial and fiscal supremacy.”

Can legal laws be broken? Man-made laws are mental thoughts put onto physical paper. The “paper” laws can be torn or mold can destroy them. A Person doesn’t tear the “mental” law; instead, they simply don’t do the “mental” man-made law. This is how they “broke the legal law.” What is the difference in Natural Laws and Legal Laws? The Natural Laws of Life would have been opposed when and if the Person’s arm were broken or their life had been broken (death). Therefore, the Natural Laws were broken.

Sharon’s quote continues: “It is difficult to explain the law to laymen. They seem to think that justice has to do with right and wrong, with absolutes. Perhaps when we stand before our Maker on Judgment Day, His court will be a just one, but those trials held on Earth are not about what happened, but about what can be proven to have happened or what twelve citizens can be persuaded to believe happened. Sometimes I think that the patron saint of lawyers ought to be Pontius Pilate, for surely he said it best; ‘What is truth’.” If the jury of 12 citizens can be persuaded to believe that the defendant is guilty, when they are actually innocent, which allows the Judge to impose sentences to the defendant then, did the “jury” give an “injury” rather than a sentencing? Is this their truth? Does this describe the Unjust Justice System, that is world famous? Why is it famous?

Some People say that the laws function as cobwebs for the rich to catch as prey, the poor? How can we go beyond this Lovely trap? Think about me in your mind but feel about me in your Heart! A “balance” of the “mind-Heart”, within the Lawyers utilizing the laws, needs to get changed! Immediately! Maybe, the price paid to Lawyers should be valued at the measurement of their Heart (giving capacity), in comparison to the size of their head (taking)? Shouldn’t the Lawyers be paid for the way they Teach “equal balance”, in their personal lives, rather than just for their legal job that the “Scales of Justice” symbol supposedly represents?

Furthermore, The Universal Laws need to rule, instead of man-made laws, which perpetuate warring male power issues (shifting roles of Lawyers and Generals). In that reality, two situations are out-of-balance! The Lawyers need to “give care” (balance of “take care,” of which give and take are Libra balance issues) to the “balance of life” which The Universal Laws were designed to protect. It is the job of The Universal Lawyers to protect those laws, which protects all of life. Where are The Universal Lawyers?

Maybe, the city Lawyers aren’t capable of giving more than taking, which is the frequent reason for excessive Lawyers’ fees? Should the Lawyer, of today, look to the water to learn about self-giving, i.e., “give” care? “Self-giving” is the Way of Life of water which shows us its powerful urge to fall from great heights, to give itself to us, as a drink of water. Did the obstacles before it require the price of money? Al-Ghazali said, “The happiness of the drop is to die in the river.” Did the drop remain separated from the flow of the whole body of water, where it would be better utilized? No! The same reality should be applied towards the release of money, that has been hoarded, and the concept of private and public.

Proof is demanded by the intellectuals (minds). However, the Heart realizes the truth, because the Heart can feel the difference between the truth and a lie. You can go to Netflix, on the computer, to watch “Tell Me a Lie.” Learn facial deviations that occur during the telling of a lie! It is your inner experience (Heartfelt) that is most important or equal to your outer experience (mental thinking, courtroom display of proof). The thinkers say, “we need to get to the Heart of the matter.” But, instead, don’t they need to “take their Heart into the matter” (objects or thoughts they are discussing) so better balance “within” themselves will bring better problem solving “outside” of themselves?

Maybe, we just learned some of the difference between City and Mountain Justice. Does a balance between the two types exist? Do

most of you realize that Mountain Justice actually is a reality? Mountain Justice never ends at the courtroom performance. Libras function very well in the cities but they don’t do very well, when they get to the country or have to deal with the country folk, which they refer to as “ignorant hillbillies.”

To summarize Mountain Justice the following poem, “Warriors,” by Mike Quinn, in 1940, thoroughly speaks about the lack of justice we have been told that wars justify. Thank you, Mike.

“Warriors”
by Mike Quinn (1940)

“Not pacifism no! We are not sweet,
Not gentle creatures horrified by blood;
Not sentimental dreamers who might turn
Another cheek, or kneel in humble mud.
We are not humble, not a bit—or weak.
And damn you, Sir, we have no other cheek.
You think we’re gentle, loath to strike a blow,
or helpless to empower our demands?
Read history, Sir, and learn about your wars.
The blood of all those dead is on our hands.
We are the men who stained the fields of grass
With our own blood to please your lousy class.
We are the Warrior, Sir—the men who fought
Your wars through all the centuries of deceit,
For strange rewards of poverty and death,
Whether the end was victory and death,
Whether the end was victory or defeat.
We are the men whose deeds profaned the sod,
Killing, killing, killing, in the name of God!
Not pacifists, but Warriors, strong and tough,
Well seasoned by a thousand years of war—

Killers, long sick of killing, who declare
 We've had our fill of this and want no more,
 But if you start another, mind this well:
 We'll fry you in your chosen brand of Hell.
 If this must be, and history dips its pen
 Into our blood to write of death again,
 We'll seize that pen and write in our own terms,
 The charter of a new and better way.
 And you, not us, will feed the hungry worms;
 And you, not us, will taste the grave's decay;
 And with you, all you love shall be interred,
 Your stocks and bonds, both common and preferred.
 If war must be, we'll fight it for ourselves,
 And end the match of profit-crazy greed.
 We'll tear from history's volume that foul page
 Of rich men's lies for which the poor men bleed.
 Our children, then, will sing in freest tones,
 And dance a joyous jig above your bones.
 Not pacifism—no! Of what avail
 To shout: 'Thou shalt not kill!' in the ears of men
 Who reap a rich return on every skull,
 And scent the blood of profits once again?
 Morality's your oyster. Virtues soar
 On every screaming banner of your war.
 Not pacifism—no! But something strong.
 A power relentless as your own;
 To claim the earth collectively for man,
 And rip the God of murder from his throne.
 The final battle, waiting to be won,
 That men may laugh together in the sun."

Libra governs thievery, so let us look at some uncommon types:
 Pollutants or poisons, such as arsenic, etc., can remove the memory.
 Why is that item allowed to remain, in daily contact, with People
 which is utilized to "rob" their memory? When their memory is

adequately removed, that Person is also "robbed" of their own
 identity! Memory is a bridge for who and what The Peoples represent
 on this Earth. Robbing a memory is also robbing that Person of the
 type of life they would have had, before the arsenic arrived.

"Robbing" the actual plastic photograph identification card is
 illegal and can cause legal problems. This usually takes recognition as
 ID theft. Compare the robbery of the memory and the ID card to
 decide, for yourselves, which you think is the greater crime or does
 one of them have to be recognized as a crime?

It is said that thieves haven't a sense of their "self". People who
 steal try to make up for their lack of self-identity with things that
 identify other Persons. A thief thinks and feels that, inwardly, there
 isn't a "them" or "a self that they own". It doesn't matter how much
 they manage to steal, they remain impoverished, which requires them
 to steal some more. The robbers need to "find themselves" instead of
 finding objects of other's selves because they are out-of-balance with
giving and taking! Could an oppressive parent or society promote
 thievery, if the Person and/or their accomplishments were constantly
 denied recognition, which is the removal of their "self-identity"?

Can you have your Life-Path ID "stolen"? It's possible, if you were
 prevented from learning about the reality of it or if your time to
 accomplish it was removed from you. Jobs, do their jobs? Job, in the
 bible, was a Soul Evolution snatcher!

Kidnapping? The Person's body is actually "stolen"! Ransom?
 The stolen property (body) is sold just like any other merchandise on
 the Black Market! Their sex can be "stolen" also, as rape!
 Prostitution, via pimps, is stolen sex and money!

Parenting? Some Libra Persons don't Bearth their own children
 but, inadvertently, they parent other adults' children. They also,
 frequently, become part of groups, where they parent individuals,
 within that group. I have also learned, over the last twenty-five years

of studying the Libra Eclipse children, that they eventually parent their own parents when their parents are Elders.

Typically, we want to think that parenting occurs in a home, where the parent has a child for basically eighteen years. In this reality, the child passes through the life of the parent (actually through the Mother physically and later during the child's upbringing) and then, disappears into the adult (hopefully?). Metamorphosis occurred, suddenly? In one day (at age twenty-one) a different child stands, as an adult? We are learning that adulthood just doesn't occur so swiftly? Parenting is different than nurturing, because of what and how each accomplishes. If anyone thinks that parenting is easy, try the book, The String and the Octopus, by Colin Bowles.

To govern is to see over or to parent its citizens. "Governments" are formed by laws, etc., which are in the Eclipses Libra-Soular-Learner reality. In the modern world parents are being "robbed" of their parental rights (children are fostered out of their parent's life, etc.) by the very parental governments, which set up the society, where the parents weren't taught parenting. They punish those whom they didn't Teach! Is this justice? Does this horrible reality show us that the government lacks the ability to implement its job title?

Before the arrival of civilization, all children had numerous parents, whether their Bearthed parents were alive or dead. The wisdom of having adopted parents (rather than adopted children!) was to prevent excessive spoiling or anguish if death of the Bearthed parents did occur. It also helped the child to feel more a part of the complete community, which is vital for loyalty and unselfishness to everyone. If the Bearthing parent became ill, their children would continue to be fed, etc. Physical abuse, psychological, or sexual problems were also prevented by constant surveillance and integration among all the Elders.

Communicators? As experts, the Master-Libra Persons do public speaking as Newspersons, Talk Show Hosts, etc. They are fast on the startup of conversations, because of their Highly developed thought-speech Neurological System which is lacking in both the Gemini- and the Libra-Learner Eclipses. They have the ability to readily learn many foreign languages proficiently. Their rapid communication skills include all of their body, which allows us to be entertained by the Olympic Gymnasts, Ice Skaters, Hockey Players, Dancers, etc. However, their advantage is a disadvantage to those learning to speak, which can easily result in excessive (out-of-balance listening and talking) talking by the Teachers. Frequently, the Persons, who are learning communication, will have teeth formation problems (although other reasons can cause this), as well as, slow development of a beautiful penmanship.

Possessing excellent speaking abilities doesn't necessarily indicate that the Person is of superior intelligence, which can be to their advantage and our disadvantage. Public speakers should have Highly developed thoughts, to equal their oratory ability, such as Martin Luther King Jr. possessed.

Liars? Country folks say, "You can't outdo a liar, because he is a city slicker (smooth in the ways of city life)." The top liars are Master Communicators (functioning in the negative Soul-Path) and have the ability to use words, as tools, to get (extract/take from others) whatever they want. The more words used, the greater the lie, because lies have to be constructed. Each lie requires another lie, etc., until the liar is burdened, from their weight. Liars need exquisite memories. Rubin "Hurricane Carter", by Paul B. Wice, reveals a "double" pyramid scheme of exquisite lies for which decades of work, by The Universal Lawyers from Canada, were required to locate and expose the lies. After Rubin experienced a long-term jail sentence, he finally was freed!

The supreme ability, of the Libra-Master Communicators, includes words, terms, and phrases of legal matters, which read as though they were a Separate Language (promotes separation, i.e., segregation issues between classes?), within the English Language. Why do Lawyers represent laws the lay population can't understand? Because the laws (legal jargon) lack straight thought, each Lawyer can interpret them differently; therefore, they can be used to persuade a jury, to reach a verdict, in that Lawyer's favor?

A novice Communicator is very capable of choosing incorrect words to express their thoughts. A Master Communicator would quickly identify their inappropriate and inconsistent selection of words. Depending on the circumstances, they could be labeled a liar. What would be the repercussions to this type of reality, if this scenario occurred in the courtroom? Another miscommunication utilized by the Libra-Learner and -Soular Eclipse Persons are, "I'll grab it, get you later, and catch you tomorrow." Those phrases subtly reveal their "taking imbalance" when they meant to say, "I'll talk with you later," or, "I'll do business with you later." Clichés, like those, can also indicate a subconscious thought of a person who is a real thief!

Master Communicators, such as Li Fang-kuei, studied 18 different languages between 1926 and 1928, while he earned his M.A. and Ph.D., at the same time in the U.S.A. Five of those languages were in the Athabaskan Language Family. The word Alaskan only has the "b" to the "l" letter change. His contribution can further be appreciated in the book, This is What They Say, by Francois Mandeville. Francois Mandeville was born at the Great Slave Lake in Alberta, Canada and Mastered the Slavey Language.

Francois was a Master Storyteller and Linguist whose brilliance in languages, from northern Canada, resulted in the above book, that was written by Li, in the Chipewyan Language and later was translated by Ron Scollon. They were a tremendous team who did an enormous amount of work under difficult circumstances.

Libra:

- A. Don't be a Ponzi "Arch Thief!" Be fair in all areas of your life.
- B. "Share" your mind ("getting" your thoughts "out" of yourself) is communicating with others. Share every part of your life daily.
- C. Giving and taking equally.
- D. Realize that taking from another, when you lack the willingness to give, is theft of emotion, money, work, etc.
- E. The "half-way point" will allow you to always have money, energy, and emotion to give.
- F. Team work; but, don't allow yourself to get lost in the crowd. Stop "giving" all the credit to a partner or doing it all yourself.
- G. "Balance" giving 50% of yourself to do a job. Life will remove from you whatever is out-of-balance.
- H. Depend on a mate. Accepting help, from another, validates that Person's reason for being involved in your life.
- I. Stop feeling lonely; share your life!
- J. Keep commitments (spoken or written) and demand it from others. This frees you to interrelate in a positive way. If you ignore your need for relationships, in old age, you will feel a sense of incompleteness or become totally dependent, as a last chance to allow others to assist you.
- K. Be an individual.
- L. Be The Universal Lawyer for "The Peoples' Rights"! Implement exquisite justice and fairness daily.

- M. Learn other languages so that you can fully express matured thoughts beyond the Excrement Language of Shit and Piss. "Riot is the language of the unheard," by M.L. King Jr.
- N. Be a Tight Rope Walker.
- O. Learn that the mouth speaks the same words the mind thinks.
- P. Be a Writer. Be a Dancer. Learn Body and Sign Languages.
- Q. Adeptly move in the world.
- R. Be an Entertainer (could be the Hollywood type but most probably entertaining at home, restaurants, and on the World Stage).
- S. Balance the wealth on Earth. Balance your checkbook, the weight on both arms, your hair-do, and the food on the tray, etc.
- T. Feng Shui. Stop moving furniture to learn Feng Shui! Study the Earth's Feng Shui.
- U. Learn the "M" and "N" of the Gemini lesson! That's communication!
- V. Be the BALANCE WARRIOR/THE UNIVERSAL LAWYER WARRIOR!

Physical: Kidneys, adrenals, ovaries, and prostate. The kidneys filter deception-impurities either physically from the self or from others. If dishonesty is used, it shows as an imbalance with the kidneys. Other balance problems are swaying, from side to side, when walking or the inability to walk securely.

Both Roy Rogers and Dale Evans had the Libra-Soular Eclipses. Their excellent balance was obvious, in their cowboy era, when they rode horses. Previously, they were exquisite dance partners! Roy Rogers had the Scorpio-Learner and Dale Evans had the Aries-Learner Eclipses.

VIII. Scorpio

Within the Scorpio Eclipse Person is a tremendous source of energy. Because the Scorpio Eclipse dominates life and death, their powerful source of energy derives itself from the very essence of destruction and Bearth.

Other Eclipses can have emotional anger, but the Scorpio Eclipse Person's anger gives them the power to destroy. They will remove the wrong in small areas of their personal life or in Global realities that are wrong for everyone concerned. In this way, the Scorpio Eclipse Person can be a tremendous friend once . . . they are convinced that they have tested the sincerity, etc., of the Person sufficiently.

How much testing is enough, can be a very lengthy process. Once they see that the Person or organization, etc., is rotten, they will never stop, until they have destroyed it. Their energy becomes tireless. This is the Soular Eclipse of Martin Luther King Jr. If their testing proves that the Person or organization, etc., is good then, the Scorpio Eclipse Person uses that destructive type of energy to positively help in whatever way they can. Their type of anger can be beneficial to

remove the dangers from our lives, or to rebuild life, when that is necessary.

However, the personal “testing process” the Scorpio-Learner Person deals with is beyond the concept of acceptable endurance. Their test involves the limits or boundaries of everything. How much and how far can they go or do before this or that breaks or dies? “Beyond” is a good word for the Scorpio-Learner Person because it tells us “Be yonder” or “Be over there” to see what is there.

This type of Person can wander, rather than travel. Their journey is of a different reason because it is a test to learn or to see the “stopping point” of places, experiences, exercise, arguments, etc. The “endless wandering” can include inside their minds, so they can be great Scientists or Researchers. They can literally take an issue, etc., and run wild with it.

When the Scorpio Eclipse Persons are here to learn about limits or boundaries they can't see or understand realities or words, such as house, yard, trespassing, state lines, or even the boundaries that mark the perimeter of a country. What type of problems are the result of this unlearned portion of their lesson?

Seka asked a forty-six year old man, who was a Scorpio-Learner Person, if he ever trespassed. He looked as if to ask, “How did you realize this?” He said that, all his life, he would canvas neighborhoods to find out who was on vacation. He would go inside their home because he wanted to see what was “beyond” the walls of the house! Seka asked him if he ever took anything and he said, “no.” Seka believed him because of the type of Mastery and lesson he possessed. Later, he said that he quit entering houses several years ago because he had learned that it was the wrong social behavior. Even though he thought that he had learned his lesson, it is questionable if he really did, because he said, “social behavior” instead of “boundaries” of other Persons' lives.

How long can “learning the lesson” require? A woman, who had this type of lesson, upon her death, chose to have her graveyard plot and tombstone at the edge of a small cliff, inside the cemetery! Surely, someday, that portion will exit; but, for how long will it remain where it is? Even after death, she is testing her limits on Earth!

Rape is an invasion into a Person's physical boundary space. It is considered to be a grave (deadly sometimes) social act. It involves the Scorpio-lesson of becoming responsible for their sexuality and of learning to recognize the boundary of a Person's body. Victims of war and soldiers, who speak honestly, tell stories of the allowable and excessive raping of women, because they were considered “the convenient enemy.” Instead, war is such an elaborate, expensive, and destructive mask for an enormous quantity of men, who haven't learned to be responsible for their sexuality and to respect the Personal boundary space of a woman's body!

The same behavior can be exemplified by an Emperor or King, etc., who invades another country. The reason they invaded the country is the same reason the rapist or soldier invaded the woman's body . . . they used the Scorpio Eclipse in the negative mode! Prisoner rape can have the same root (could also be the Libra Eclipse). The death and Bearthing cycles of the Scorpio Eclipse is perfectly exemplified in the destruction (death) of the cities, which are immediately rebuilt (birth) after wars. It is further implemented by the new Bearths in that battled nation from the pregnancies, via rapes or from husband and wife reunions.

In the book, If Ever I Return, Pretty Peggy-O, Sharon McCrumb says, “So often it seemed to Martha that during sex men became so involved with the female body at their disposal that they forgot that there was a person inside it, so to speak.” We have heard, that having female bodies at their “disposal” can lead to businesses involving porno, strip clubs, sex slaves, etc., while a huge drug trade parallels

those professions. Aren't they problems, rather than businesses or professions?

The Scorpio-Learner Soldiers or husbands, frequently, choose abortion because they haven't yet learned to be responsible for their sexual activities. They will do the sex, but they haven't learned that sex creates children! Many times, when they Father children, their children have different Mothers. If this pertains to a female Scorpio-Learner Person then, her children would have different Fathers. The female, frequently, becomes pregnant at a young age (or the Father was young when he impregnated a woman).

The stealing that occurs, after the invasion, utilizes the Libra Eclipse in the negative mode. Can an Emperor have a Scorpio-Libra Eclipse combination? Yes, and furthermore, they could have a Scorpio Sun, Moon, and Rising Sign. A Libra Sun Sign could also be in that same triple effect or a combination, such as Libra Sun Sign, Scorpio Moon, and Libra Rising Sign.

Pablo Neruda said, "I wish we were not so single-minded about keeping our lives moving; and for once could do nothing, perhaps a huge silence (Sacred Silence) might interrupt this sadness of never understanding ourselves and of threatening ourselves with death." How far can you (everyone who isn't the Scorpio-Libra Eclipse pattern) allow them to go before their testing, of the boundaries of life, brings complete destruction to all of life on Earth? Refer to letter "D" in the alphabetized listing of Scorpio. The Scorpio-Mastery Persons definitely have a colossal responsibility, they have been extremely irresponsible about!

Realization of the Scorpio-Libra Eclipses and the combinations of Planetary Bearth Charts can help to lend needed insight into many problems we have on this Globe, such as stolen lives (murdered so that their complete life was stolen from them). Even within the Scorpio Eclipse Persons' own families early death experiences can

occur to their parents, spouses (wives who die giving Bearth), siblings, or they, themselves, are involved in accidents that bring death.

A young man overheard Seka speaking about death-connected Persons and asked Seka to identify his father's Eclipse. His Dad had been rushed to the hospital twenty-three times for overdosing on heroin! This is an example of pushing the body to its limit (boundaries), to learn how much heroin it will take, before it dies! His dad was a Scorpio-Learner Eclipse. Whenever, the Scorpio Eclipse Person has gone this far, it is very possible that they may be living on the streets.

Certain types of professions, that readily attract the limits of life, i.e., Scorpio Eclipse Persons, are Policemen, Firemen, Morticians, Paramedics, Soldiers, and Bearthers. For example, the Learner Eclipse policeman may misunderstand death and pull the trigger to test life and death. Certain Persons, on Earth, thoroughly understand what types of tools kill and how to make them. Bullets "invade the body" while, simultaneously, they steal, i.e., kill the life. What Master/Learner Eclipses are responsible for what the bullet accomplishes for them? How can only the Person, who pulled the trigger, be solely accountable for the death it caused? Is this justice?

Those who are Masters of the Scorpio Eclipse reality rarely allow anyone to touch them in a casual way. Immediately, the offender will be told to keep their distance. They readily establish their own perimeters, if they live in a group setting, and will most usually have locks on their door. Beyond this, they favor cameras, security systems (trespass systems), fences, sunglasses (prevents others from invading, i.e., seeing into their emotions and Soul), etc., to insure that boundaries aren't violated. How will you ever recognize a Scorpio-Master Eclipse Person? Rarely, do they give up their Bearthdate and even more rarely do they want exposure of their Eclipse. They are very capable of speaking about anything, but

themselves. They consider that the boundary of their Personal life has been trespassed!

The security gadgets just mentioned, are definitely “defense” (a boundary) but “talk” for the Scorpio Person is a different form of defense because it functions as a boundary for them. The words “private and privacy” are subtle messages for “boundaries”. They utilize “talk” to defend their privacy, as well as, the motives of their own country.

“Talk defense” (for boundary purposes) brings us to a new awareness of not only the Defense Minister, i.e., War Lord, but specifically, the “Silent Warrior”. This Warrior is capable of creating silent, invasive, and deadly weapons, such as fumes, radioactivity, arsenic, etc., whenever they function in the negative mode. The Pisces Eclipse Persons can also do these negative and silent strategies. However, the “Silent Warrior” is capable of working to prevent negative destruction, such as MLK Jr. did.

Misunderstanding of sex, permeates the civilized societies of this Earth because of the hush-hush approach to it. Those who need to learn about it, haven’t a healthy environment in which to be taught. Instead, of learning the Sacred and beautiful realities of Sex, the Scorpio-Learner Persons, frequently, gravitate to poor quality substitutes. Within this reality the potential, for homosexual activity, is made available to those who don’t have the DNA gene for homosexuality. The well-paid prostitutes are the Scorpio-Soular Eclipse Masters!

If the Scorpio-Learner Persons had, previously, participated in rape experiences they, thereafter, could classify their Master Teacher as a sex maniac! After all, rape isn't lengthy sexual behavior nor is it accomplished with variety or detailed expertise. Monasteries or convents, etc., provide a very celibate environment, for those who marry God, because that nasty fornication (their opinion) isn't a

requirement and therefore, they don't have to learn about responsible Sacred Sex and Bearthing. The mighty walls, give permanent boundaries, as well as, the strict regulations provide boundaries to their behavior. But not enough to prevent church babies born “inside” those same boundaries! Lessons are lessons!

The Scorpio-Mastery Persons seek out the other Mastery Persons of the same Eclipse because they recognize the sexual energies of each other. They, instead, are the Persons who should be the Teachers of the Learner Persons, Mid-Wives, or Obstetrical Doctors who greet the renewal of life as Bearth Days for babies!

Scorpio:

- A. The importance of: Moral, financial, Spiritual, overcoming negative manipulative traits, and responsible sexual behavior. Teach Sacred Sexuality. Keep your children within a family (yours)!
- B. That what goes around from you, comes back to you. That whatever energy you release physically, Spiritually, or emotionally, will return to you.
- C. Society is interdependent and you are responsible for more than yourself. We all must aid one another. The strong (Soular Eclipse) help the weak (Learner Eclipse) and the weak must learn how to be strong.
- D. When your boundary is undefined, you look and test to find a strong Person who will stand up for their own boundaries, because you want them to set your boundaries for you. You need to stand up for your own boundaries! Only then, do you feel safe enough to claim your power because you realize to what point, you can function. This is peace for you. Children

- with this Eclipse need each age redefined as to their proper place-role (boundaries) in the family.
- E. To respect others: Only those who prove strong and never back down to your power, do you trust. Destruction occurs to whatever lacks your respect, i.e., you want to destroy it. In this way you acknowledge what is good on Earth. Since your Eclipse is the energy of Bearthing, you see what needs to be rebuilt.
 - F. You need to see the strengths in others that allow them to live their principles to heal the Globe. You need to use these same qualities to rebuild yourself. Then, you pledge yourself with your Whole Heart. Otherwise, prisons, etc., provide structure for you. Silence during anger indicates that you are holding back power. You realize that society jails People, for displaying power. Your energy needs a focus that is jointed/shared to build a strong power base. You may trust certain People with certain parts of yourself. See the goodness in yourself, that you are outwardly searching for in others. Once the good boundaries are reached, you trust, relax, change type of friends, and become successful. That is when you become the FREEDOM WARRIOR! You have the power to burst through chains of bondage!
 - G. Stop trespassing.
 - H. Stop alcohol, drugs, sex, etc., to test the limits of life and death. Stop using the “f” word as an adjective to constantly describe everything that occurs when other adjectives are necessary for thorough and effective communication.
 - I. Stop death defying activities, such as dare devils, wars, drug lords, and invading other Peoples’ boundaries and countries.
 - J. Learn that a date is a date, rather than a date rape, where you test the boundaries of your date’s physical body!
 - K. Be the FREEDOM WARRIOR!

- Ronald Reagan had the Scorpio-Soular and Taurus-Learner Eclipses. His devolved comment was that The Homeless of the U.S.A. wanted to be homeless! He created 2 million more homeless, by removing H.U.D. because he devalued them (had not learned his Taurus-Learner Eclipse). Instead, of Teaching about the value of the life in The People, he negatively did his Scorpio-Soular Eclipse by destroying The Peoples in his own country when he made them homeless. Seka questions if he learned his Taurus-lesson, after he was President of the U.S.A.?

IX. Sagittarius

Ah-Hah! The Traveler, who understands the joy and the need to travel. How much recognition, assistance, and freedom do the minds, who created the fixed buildings, which visually exemplify the foundations of civilized society, give to this type of Teacher-Learner Person?

Most societies appear to impose difficulties, that border on abuse, to the lonely Traveler. If they possess the dollars then, the Traveler is respected but, what if the Person lacks the funds and is on Earth with a Soul commitment to travel?

The Sagittarius Eclipse Person, while they travel across the Earth, is very comparable to the clouds as they travel across the Sky. Should the clouds be stopped, by enclosing them within a building? The flow of water, essential to the renewal of all life, would be eliminated from its "purpose on Earth".

Paul Cézanne said, "We live in a Rainbow chaos" . . . traveling, clouds, rain, and then, Rainbows! Isn't this very beautiful? They are free to do as they were created to live! If the clouds were enslaved, by the rule of another cloud, would the rain in the colored Rainbow (Sky water) become the same color in the flowers and foods that become the pretty colors in/on our bodies?

How is this comparable to the Sagittarius Eclipse Traveler? Water is a purifier, i.e., a cleansing agent. The Traveler is the same as the water, because they cleanse the filth of lies with TRUTH. Truth frees various types of bondage. Truth can bring tears, but almost everybody admits that they feel better after the "good cry" (tears).

Who would be the Person to really bring on the good cry to individuals or distant groups of People? The "town crier!" When towns were first built, the Traveler journeyed throughout the town telling the news, i.e., the "truth that had just" occurred. In our present

time, the newspaper is a variation of the town crier which, unfortunately, monitors the truth to rations. Do modern towns promote bad crying by making fools of The Peoples by misrepresenting their reality?

Why is the word "just" utilized, frequently? "Just" is justice, in its abbreviated form. "Just occurred" tells us the truth (supposed to) as soon as it was experienced, before the rationing of it became its altered reality. "Truth is justice" (mentioned in the Libra Eclipse) was the quote Sharon McCrumb was referring to when she said, "justice can potentially be whatever the lawyers convince the jury to believe is the truth." This quote shows that a mistruth can be accepted as "truthful justice" in many countries. Being able to recognize the truth or a lie determines real justice!

In this dilemma can we further understand Paul Cézanne's quote, "We live in a Rainbow chaos?" The chaos and turmoil are the equivalent to permanent dark clouds that obstruct the gorgeous Rainbow from our hungry eyes? The shadow of the world's trouble has given us darkness, that we live in daily, while we believe lies are truth?

Shunryu Suzuki said, "As long as you seek for something, you will get the shadow of reality and not reality itself." He is speaking about the purposely delayed truth (by the media, etc.), of the reality, being very available to obtain . . . but, you have to let it reveal itself to you if you really want it. Why wouldn't you want the truth? Why don't you easily welcome those Persons who travel to you with the truth? What is truthful about pretending to seek the truth? Are you afraid you would cry? To cry is a shame? What if this world is in such trouble that it is a shame if you don't cry? In the phrase "It's a crying shame", "It's" refers to "world".

What if daily you were asked, "Did you 'get the truth' any time today"? How can you behave sanely or make accurate decisions, if

you don't live your life based on the truth of your everyday reality? Beyond our individual lives, we live in a world of trouble that was born from world leaders, who make decisions based on lies. This "world of trouble" is insane because only truth makes sane decisions. Would the truth cause a "terrible" feeling inside a liar? Would the truth be considered "terrorism" to a liar? Would the bearer of truth be a "terrorist" to a liar?

How will you realize the truth, when you hear it? The truth has a certain presence and/or sound to it. "Truth shall make you free or let freedom ring?" Those clichés are telling us that truth "rings" or has a "sound" to it that our bodies recognize. That "sound" is the power of truth, which can go into us or into lies and change "bondage to freedom".

The Rainbow is a mighty treasure in the Sky (Spiritual symbol). It symbolizes the bow of the TRUTH WARRIOR who uses "truth as the arrow" for real justice. There are "Truth Seekers and Truth Keepers". The truth, when spoken or written by the Truth Keepers, is mightier than the sword. Maybe, Mike Quinn's poem, more appropriately, belongs in the Truth Warrior's Eclipse? His choice of words indicates realities in both Eclipses with, of course, the mention of the Scorpio Eclipse realities, for the very reason that all wars have a definite Scorpion influence to them. May the torch, the Statue of Liberty holds, burn all the statutes of lies it represents, because only then, will it represent our freedom from bondage!

Would you like to be free of lies? Shock waves, shivers, tears, thinking, and questions start to happen, when the sounds of truth are spoken. But the greatest happening is that the weight of the lies, on our bodies, gets removed. Lies are heavy, whether most of you realize it or not. Why? Because one lie necessitates another, which has to be kept or packed to explain the first lie, etc., so therefore, each additional lie "weighs us down"? Would the moral of this message be

"Speak the truth, if you want to be a light weight"? Although we didn't create "the lies of the world" we guard them by our silence!

Typically, the "weary" wayfaring stranger is the "poor" wayfaring stranger. Why? Because the Persons who bring the truth are always more of a stranger to the liars than the Persons are who help the liars harbor their lie. The Traveler (wayfarer) is poor because, in the "world of trouble", only liars are paid high wages. Why is the truth bearer weary? Weary means "to wear out or be worn out" from the poor nutrition the poor Person receives, while traveling to carry the truth to all who have the ability to hear it. The Sagittarius-Mastery Persons are the "TRAVEL WARRIORS" and the "TRUTH WARRIORS".

Are grants a reality for researching the truth? More than this non-reality, the Truth Eclipse Persons aren't in the Eclipse of money. They, like so many others, have to live in the world of the Taurus Eclipse Masters, while they aren't part of the financial world. Having to deal with the extra Eclipse is the "burden of weariness" that is almost too heavy for the Sagittarius Eclipse Person. The Universe never intended the demands of life to be altered this way.

The Truth Eclipse Person lives the lonely life, traveling, meeting new strangers, new friends, and new countries. They learn a lot and because they are born without prejudice, they do very well with all Persons of color. They are the Spiritual Eagles of the Eclipses. They are the "SPIRITUAL WARRIORS". They can travel in many different types of ways and have much to offer many People.

Only the Person capable of seeing the truth qualifies as an effective Counselor. A Counselor holds "counsel" to advise a Person about the truth of "the dilemmas" in that Person's life. In this area the Sagittarius-Mastery Person is a tremendous asset to the well-being and happiness of those who do seek their counsel. They are guides to the Person's Life-Path who, otherwise, would remain misguided.

Clearly and easily they can assist in getting the sunshine to return to every Person's life. Do the city "council" members need to correctly spell their job description? Do they misspell their title because they have chosen not to do correct counseling (guidance) for everyone concerned?

Due to so many extreme social problems, society has offered new job positions, such as Marriage Counselors and Drug/Alcohol Counselors. From the standpoint of effective counseling, society is misusing the term "Counselor". Further, they have merged 2 Eclipses into one profession, which is possible but, every Capricorn-Mastery Person (Marriage Expert) doesn't have a Sagittarius-Learner Eclipse in counseling. They could have their Life-lesson in one of the other Eclipses! The ineffectiveness of this faulty system can easily be recognized by the lack of results most of their clientele receives. This, of course, continues to actively maintain a dysfunctional population.

The Bhagavad Gita says, "As unnecessary as a well is to a village on the banks of a river, so unnecessary are all scriptures to someone who has seen the truth." Whenever, everyone, sees the truth, we won't need the books, even the holy ones, because the truth is beyond those books. What are your questions about this quote? Seka asks you because the "question" is one of the best friends to help you obtain the truth, when you need it. "A friend in need is a friend indeed?" "Questions" seek the truth for you, when you allow yourself the freedom to ask, who, what, when, where, why, and how to whatever disturbs your truth barometer. There are only "truths or lies". Confusion is the "fusion" of the two and this type of "confusion" doesn't apply only to the Virgo Eclipse Persons. Keep truth supreme in all of your lives because only then, collectively, will all of you have freedom.

Sagittarius:

- A. Teach the "Sound of Truth", i.e., the feeling in the body when it recognizes the vibration of TRUTH!
- B. Break your prejudices.
- C. Understand the common thread of all philosophy, religion, and Spirituality of the Globe.
- D. Stop thinking everything is done only one way.
- E. Travel/be a Traveler. Teach respect for the Traveler! Bring new life to old places! Be a Messenger!
- F. Redefine who you are. Being among variety helps you distill that which you are, until you have collected your complete self that you, previously, dispersed through superficial living.
- G. Obtain peace.
- H. Awaken the consciousness of others but avoid showing only one path, because you are a Master at negotiations. Seka has shown you that numerous Soul-Life-Paths are possible and very necessary. Each Person's Life-Path supports their individual consciousness. Therefore, for the entire population to function correctly, each person should respect their pre-Bearth's commitment to their Soular and Learner Eclipses.
- I. Be a Truth Seeker distill information into truth (The Universal Consciousness). Thereafter, be a Truth Keeper and a Truth Teller!
- J. You can be lonely because few travel so high. Later, in life, you see the Light of others and your loneliness is alleviated.
- K. Guide others on their Spiritual Path. Be a Spiritual Counselor.

- L. Break everyday structure. Promote Truth Volunteers.
- M. Do Soul-Life-Path Readings. Remove veils of illusion.
- N. Get your own awareness.
- O. Realize that “the root to the truth” is in your roots! That is TROOTH!
- P. Be a Journalist, i.e., News/Truth Reporter.
- Q. Be a Traveler and a Communicator.
- R. Be the TRAVEL-SPIRITUAL-TRUTH WARRIOR!
- S. Explore: Learn where to best locate that which is the reason for your traveling at www.astro.com or Astro Numeric Services, i.e., Astro-Carto-Graphy @ 1-800-Mapping (get local space lines). Physical: Hips, thighs, and liver. The liver gets or remains obstructed until you release all prejudice. This shows you how prejudice isn't supporting your psychological or philosophical well-being. Mobility of your hips results from flowing social realities and visa versa. The release of prejudice and rigid beliefs heals the mobility problem. Old concepts held within, cause skin problems.

Bonnie (of Bonnie and Clyde) had the Taurus-Soular and Sagittarius-Learner Eclipses. Frequently, politicians have the Sagittarius-Learner Eclipse.

X. Capricorn

Keizan Zenji said, “Did you not know that at the edge of a deep valley there is an excellent pine tree growing up straight in spite of the many years of cold?” Keizan was referring to the ability of a Person to be honest, decent, respectful, available, and to seek the lofty ways of life while being a contribution to those around them, regardless of the obstacles. The Dhammapada says, “Never do evil; always do good; keep your mind pure.” John Ruskin said, “He who can take no interest in what is small will take false interest in what is great.” Those quotes basically tell us about the Golden Rule of doing unto others as you would have them do to you? That rule is at the center of the Capricorn Eclipse Person's life!

It is absolutely critical for the Capricorn Eclipse Person to maintain a very clean reputation, in all areas of their life. If they fail to accomplish this then, the “dirt”, in their lives has a way of surfacing, when they have finally earned a good social position. The Capricorn-Soular Person is extremely aware of this issue but the Capricorn-Learner Person isn't. Hard living is required for the Learner Person, to learn about the ways of the world, in which they are Dustuned to be an integral part. They are to form and build social foundations and networking capacities which are of benefit to everyone in their community. Thereafter, they are to be the very center of their community, to whom others depend upon.

This Eclipse Person has to be a long-term community participant because it takes decades to acquire their type of “expertise”. The People have to know that the Elder Person is consistently reliable before they ask them for information, connections, and who does what. In other words, this Eclipse Person functions as a distribution center for the needs of their community.

In business, a Person having this Eclipse is ideally suited for the job of Customer Service. Cities are a breeze for them, as well as, for the

Libra-Mastery Persons. However, life in the world of the cities, is a very difficult reality for the Capricorn-Learner Person. Since the Capricorn Eclipse represents the traditional ways of life, such as marriage, the Learner Person has difficulty getting married to a Person of the correct social position. They could delay marriage, until they have a good worldly position with accompanying money and house.

Climbing to the top of the ladder has a compelling draw for both the Soular and Learner Persons. When the Capricorn Eclipse Person functions in the negative mode, they are desperately attempting to acquire huge sums of money, via a shorter and faster route. Many Capricorn-Mastery Persons utilize the career of drug lord to access the money necessary to be on top. Why are drug lords so difficult to catch? They, Masterfully, network and understand the traps of the world; therefore, they know how to elude them.

Since the Capricorn Eclipse Persons are on Earth to represent how we all should treat each other socially, their lives have much magnetism. As a result of this factor, they receive a lot of scrutiny from the rest of society, as its members determine if the Capricorn Eclipse Persons do as they say to do unto others. They can only gain recognition and respect, if they are useful to their community. The community suffers if they fail to Teach that money success isn't true social success because they, the "hub", will be living in jail.

Thereafter, they share their lives with certain other Eclipse Persons who, for their typical reasons, (exceptions do exist) live in jail. The Virgo and Cancer Eclipses are there because they needed to learn about nutrition or what was correct to put into their mouths, so alcohol and drugs was their snare. The Scorpio Eclipse Persons are jail birds because they tested their own life, they tested the lives of others, or because they are another good representation of a drug lord. The Cancer and Scorpio Eclipses also could be jailed for anger, sex, or war crimes, etc. The Pisces Eclipse Persons, who have

sensitivity issues, found life too difficult or they were too hard on life (murdered others) so they chose to escape those realities, via drugs and alcohol. Some of the reasons for the other Eclipse Persons living in jail are mentioned in their particular sections.

Does jail help? Do jails provide Teachers for those Persons who need to learn their Life-Path Eclipses? For instance, the twelve-step cure-all of Alcoholics Anonymous can't help every one of the jailed Persons because each of them has a different reason, specific to their individual Eclipses, that needs healing, which AA can't and doesn't Teach! Therefore, most of the jailbirds are guaranteed as a recycled prison population!

It is extremely ironic that the Capricorn Eclipse Person is to Teach "Wastelessness, i.e., Waste not, want not!" Can they Teach us about using resources wisely, when they "waste" their very lives in jail? Failure to Master the Learner Eclipse certainly would cause a great trial within the Capricorn Eclipse Person. Maybe, a greater trial than the courtroom trial that sentenced them to prison where they "wasted" away.

They can live long years of actively accomplishing a lot, for which they are said to be workaholics or extremely ambitious? However, they simply show us how much can be done when a Person's time on Earth is constantly utilized. All of the Eclipses should look to the Capricorn's fervor for staying with life and reaping from it, all that life has to give and visa versa. Perhaps then, everyone would see the intensity that is required to learn their lesson, so that they be the matured Person with a second Mastery.

We have to do good each second of our lives, to keep ourselves outside of the jail's inefficiency? The concept of jail resides in the Scorpio Eclipse's reality of "boundaries." Those Persons who committed to Teach others, how to stay out of such boundaries, have

designed a complex where the shadow world realities are allowed without boundaries. Why are jails so strange?

A monk asked Chao-chou, "How should I use the twenty-four hours?" Chao-chou said, "You are used by the twenty-four hours. I use the twenty-four hours." Jailbirds are used by the twenty-four hours, if only for the reason than to fill up the jail. However, a Capricorn Eclipse Person functioning in the positive mode, uses the twenty-four hours!

One reality is for certain, if you don't use the twenty-four hours you have lost it, because you can't get it back. Each Person only has a certain amount of time on Earth. It is for this reason, that many jobs pay for the "time", i.e., hourly wage (refers to a certain number of hours in each day) you work, rather than the "silly" job you do. Your "time" actually is being wasted, as if you were in jail doing other silly busy work. At first those hours may appear few enough but, when you add those hours they become your time, i.e., "your life" on Earth. What should you have used those hours to do?

The Capricorn Eclipse deals with respect which includes "self-respect". To feel self-respect (for yourself) requires that you have utilized your "self", towards your own "self" development. You own (reclaim yourself) your development, so that you can be of service to others. Of course, acquiring "self-respect" requires time. How can this be accomplished, when someone else has your time, at the job-site? Lord over yourself, own your life, and claim the dominion to be "yourself"! Maybe, this is one of the ways to freedom that is beyond the other bondage within the walls of jails?

What about "self-esteem"? Self-esteem is obtained by the completion of a goal. What is the Capricorn Eclipse Person's goal? "Their" self-esteem is derived from the goal of being effective in their work. Because they weave themselves into their work, anger for them is, frequently, rooted in low self-esteem (lack of finishing a work goal),

which resolves to a feeling of powerlessness (didn't have the power to accomplish the goal). Should this reality become chronic, the Capricorn Eclipse Person could feel ineffective at their work, due to the fact that they identify themselves with their work. They are their work!

Capricorn:

- A. Learn how to have a good reputation.
- B. Be responsible for your actions.
- C. Be useful, while keeping integrity in the external world.
- D. Overcome dependency on home and Mother and go into the world.
- E. Negative approach: Perhaps incarceration or restrictions. It is giving to society that gives you an avenue, direction, or place to claim for yourself.
- F. Give and integrate with society. You are judged by your surrounding friends.
- G. Patience is necessary for success.
- H. Recognition of Elders, who have done this before you have. Respect the Matriarchs!
- I. Control your environment, without controlling those around you.
- J. Realize that it isn't "money" success but recognition, respect, and a need to be useful that gives you true success in your life. The level of respect, etc., you gain equals the measure of success you have within society which also, lets you realize how well you are learning your lesson.

- K. Acknowledge that you request society (at large) to judge your behavior.
- L. Be resourceful “Waste not want not.” Includes using your own talents!
- M. Dignity and reserve in public. The Golden Rule you are to learn! Have your wild individual freedom at home.
- N. Walk your talk. Stand up for a principle that is sometimes greater than the way life, presently, is.
- O. Be worldly while you are responsible for the way you acquire your success. Criminals understand the world very well. The more successful they are, the better they understand it. However, this is negative Teaching. The same Soular Eclipse should be used to Teach how to contribute to a community, where the well-being of everyone is considered, the first priority! This redefines the meaning of success and the reason for being respected.
- P. Obtain a stable community, with family traditions, that honors everyone, especially children. Be the center of committees, when you have the ability to “commit”!
- Q. Your life is very visible to everyone. They see everything you do for good or for bad! What kind of behavior do you want the public to see? Networking is for the preservation of the community, rather than the corruption of it! Be the Person others refer to for resources, connections, talents, or Peoples, etc.
- R. Be the FAMILY-COMMUNITY-TRIBAL-VILLAGE WARRIOR!

Physical: Malfunction of the skeletal system. Prone to bruises, rashes, skin cancer, spleen, and rheumatism. Negative approach: Resentment which dissipates calcium. Positive approach: Long healthy life. The stomach gives you your first warning symptom, if resentment is building up.

Marilyn Monroe had the Capricorn-Soular and Leo-Learner Eclipses.

XI. Universal

This is the Astrological Sign for The People who possess the ability to Love everyone equally, throughout the population of Earth.

The classic pack rat is the Universal-Learner Person. Their homes are never big enough as they progress to storage units and then, to pawn shops. The idea that is difficult for them to learn is that the object is to move-in and-out of their lives, instead of moving it to another place, while it continues to remain in their possession.

Their Personal encounters are to exemplify this same reality but again, they insist on never moving themselves onto other Persons, experiences, places, etc. This very dilemma can cause many difficulties, when their minds remain fixed on an earlier age in their life, such as the seventy-year old, who wears short, girly dresses with ribbons in her hair. What about the Person who lives their entire life going to school, doing the same job, driving the same car, or trying to be married? Marriage is for the Capricorn Eclipse Persons and it isn't for the Universal Eclipse Persons. Why? Because marriage requires permanent roots, permanent loyal mates, and permanent job security, etc. The Universal-lesson of mobility is a life full of constant change, which can be very difficult for some children (depends on their

Eclipse). The needs of children should be respected because they are just like you, except that they are shorter.

Ikkyu said, "Like the vanishing dew, like the phantom that disappears, or the flash of lightning: so one should think of oneself." Nagarjuna said, "The universality of change, when completely understood, is the seeing into the heart of all things and the mind that understands is the mind that truly seeks the way." A Buddhist chant says, "All things in this world are impermanent. They have the nature to rise and pass away. To be in harmony with this truth brings true happiness." Shunryu Suzuki said, "Things are always changing, so nothing can be yours."

What if the lightning or the dew tried to fixate its flow? How would its complete journey be accomplished? How can the Universal-Learner Person travel their Soul-Life-Path journey, that should move through a variety of experiences, if the fixed ideas of themselves or society prevents their journey from constantly changing? Regardless, of how they try, their life is Dustuned for mobility, that is very difficult for them to handle, if they insist on keeping their possessions and fixed ideas.

Although, inevitably, they do journey to learn about different types of People and countries, until they have learned how big Planet Earth actually is. They learn to Love all of The Peoples equally, which frees them from trying to be married to one mate. And, finally, they travel with just the clothes on their back, as they show us how fortunate those creatures, who live all their lives without possessions in the wild, truly are. They are the "ROAD WARRIORS".

The musical group, The Rolling Stones, chose a name that in some ways is the life of a musician. The Musicians can travel endlessly and to have a Mastery in the Universal Eclipse could be a great advantage because traveling is their "easy Eclipse" zone. Muso Soseki said, "When there is no place that you have decided to call your own then

no matter where you go you are always heading home." How can a Person travel easily without carrying heavy burdens? "A rolling stone gathers no moss!"

Basho said, "Clouds come from time to time—and bring a chance to rest from looking at the moon." Variety is the spice of life, so the Universal Persons can enjoy a very rich life in terms of experiences? The necessary requirement is to let go, release the past, and live the moment, so that you can live the next moment. Allow life to bring what it has to offer you, without you deciding what that is to be.

The Universal-Learner Persons have to be willing to take the first step and they will find the mystery of their journey to be as Lao-Tzu said, "Approach it and there is no beginning; follow it and there is no end. You can't know it, but you can be it, at ease in your own life." Life is easy, when you allow it to happen to you? This includes allowing the seasons of life to be easy for you. A fixated Universal-Learner Person could easily sign their name as Betty or John when they have written to their grandchildren! They refuse to recognize the fall and winter seasons of their own lives?

All of the beautiful flowers, birds, thoughts, and types of sounds, etc., we would never enjoy, if life were monotonous. We would become so bored, we might lose our desire to live. Maybe, this could be one of the reasons that The Peoples, who live in cities, have such saddened faces? The repetitious sirens, cars, noises, buses, sirens, cars, noises, and buses have turned off their connection to life? It's the same scene every day, with a few parades throughout each year. Are those parades enough variety for whatever our eyes and minds require daily, if not hourly?

The Universal-Soular Persons have one clue, as to who they are. They have "friends" everywhere and they are a friend to everyone. They really can see the needs of their friends, which recognizes that supplying others' needs is friendship.

How much resistance can the Universal-Learner Person exemplify? Seka met a woman, in her forties, who had recognized that she was “doing a lot” for friends (her perception of “doing a lot”). She paid a hypnotist to help her stop being a friend to People!

Because of the condition of most Peoples’ lives, a wonderful Person wrote the following poem (Seka doesn’t have the author’s name). It shows us how the Universal-Soular Person lives.

“Anyway”

“People are unreasonable, illogical and self-centered. Love them anyway.

If you do good, people will accuse you of ulterior motives. Do good anyway.

If you are successful you win false friends and true enemies. Succeed anyway.

The good you do today will be forgotten tomorrow. Do good anyway.

Honesty and frankness make you vulnerable. Be honest and frank anyway.

People favor underdogs but follow only top dogs. Fight for some underdogs anyway.

What you spend years building may be destroyed over night. Build anyway.

People really need help but may attack you if you help them. Help people anyway.

Give the world the best you have and you’ll get kicked in the teeth. Give the world the best you’ve got anyway.”

Universal:

- A. Detachment, movement, and interaction with many different types of People.
- B. Release jealousy and possessiveness.
- C. Keep the flow of life occurring to prevent crystallization.
- D. The good of the whole needs to be considered in decision making, rather than just your needs.
- E. Stop traditional “belief systems” that keep you connected to set ways of family life.
- F. Improve life for all.
- G. Stop your ego so that you can function for the masses.
- H. Give freedom to those you Love. If you hold them down, separation will occur.
- I. Stop self-defeating need for approval (give Love whether it brings you Love in return),
- J. Stop your need of loyalty from others in return for your loyalty to them. Sometimes you attach to the “wrong” path because it gives you loyalty.
- K. Your “true” path needs self-loyalty. Be loyal to “yourself”!
- L. Do the timing and cycles of your life (infant, child, Mother, and Elder).

- M. Stop dictating the behavior of those who Love you.
- N. Love everyone equally.
- O. Show how the “rolling stone” revitalizes life compared to those who remain in one residence all the time.
- P. Stop being a pack rat!
- Q. Teach Universal Love.
- R. Be a Traveler. Join The Global Rainbow Family.
- S. Be The UNIVERSAL-ROAD-LOVE WARRIOR!

Physical: Nervous tension, hypoglycemia, diabetes, swelling of ankles, and circulation problems. Walking is important for you because it relates to everything in The Universe which needs to circulate. Fluctuating blood sugars have in the past led to misdiagnosis of mental difficulties.

XII. Pisces

The Master Psychics are within this Eclipse, yet they seldom will ever tell you that they are very intuitive. They tend to live a guarded

life that is similar to the privacy the Scorpio Eclipse Persons want for themselves. The psychic ability, which they possess, isn't to be used only for their advantage. Seka met a struggling middle-aged woman, with whom Seka had had many conversations over several years. Eventually, she told Seka of how easy it was for her to locate great Real Estate properties she said that she "just found them driving around." Later, Seka realized that she was a Pisces-Master Psychic and with her “psychic sense” she “felt her way” to those properties.

How does this psychic feeling, seeing, or intuition occur? A touching (different than the actual Taurus hand touching) occurs, which is felt (experienced) in the air. The vibrations from the Person's body (psychic Person) meets the vibrations of the object or the other Person they seek. It is their extreme sensitivity that allows them to realize when the energies, from their own bodies, have touched that which is beyond their body; otherwise, their psychic communication would be ineffective.

This type of Person also has the ability to see the unseeable which includes Spirits (spirits), ghosts, and goblins. They have dreams and daytime visions, which foretell events in their life or the life of others. This ability helps them to locate and develop their Learner Eclipse.

Previously, the Chiefs were revered Psychics who lead their People, by foreseeing the future. The Peace Chief was seldom a War Chief. The two types of Chiefs require different abilities and knowledge. A rare exception was Chief Joseph. He possessed many qualities as the Highly Evolved Persons have Mastery over all the lessons. Another possibility is that a very “Psychic Combat Warrior” could result from a Pisces-Soular with a Libra- or Scorpio-Learner Eclipse that had been learned, of course. Another possibility with this Eclipse pattern is that the Person could be a "Healing Warrior", either on the battlefield or in the Court System, to defend necessary health laws, environment, etc.

The Pisces-Learner Persons can have much difficulty, from society whenever they begin seeing different levels of invisible reality and experience psychic attacks. The word "psychiatric" acknowledges their "psychic" abilities. However, in our society, they are deemed crazy and are well-medicated for life. Frequently, they are aware of their fate, should they speak of their experiences. Therefore, they do become very closed off, to almost all of life, to prevent exposure of their abilities. Whether the Psychiatric Department medicates them or doesn't, they usually try any ramp available to escape from their fated life in an insane asylum. This can include drugs, alcohol, and suicide. The Learner Eclipse Persons are to learn about different types of Spirits/spirits. Eventually, they learn that it is the stillness in all of life that is the Spirit of their Spirit Creator. Whereas, chaos, terror, trouble, and turmoil are the creation of a counter type of energy or spirit.

This particular Person needs especially to be with their Teacher, from an early age, because they can experience astro-travel from which they may never return to their body. Seka met a Learner Eclipse Person, who said that if her Mother hadn't been a Pisces-Soular Eclipse Person that she wouldn't be alive today. When she was twelve, she had experienced astro-traveling, and her Mother knew how to get her daughter back into her body!

This type of Person possesses many gifts and talents from Orchestral Conductor, Singer, Master Chefs, Master Wine Tasters, Master Healers, Card Readers, Environmentalists, and Composers. Most fortunately, for us, they are capable of giving warnings of impending danger. They are the incredible Photographers and Artists because of their advanced ability to see colors. They do possess the ability to see the colors of a Person's aura, as well. Interactions of heightened levels of Spirituality can merge with their artistry.

They are extremely sensitive but the Learner Eclipse Persons, which includes how thoroughly they can destroy Mother Earth, lack

all of the above and to those around them, they can be very insensitive and dangerous. Many jobs, for which they earn money, utilize their insensitivity. The insensitive jobs can span the spectrum from mercenaries to world boxing champs! They are the victimizers or the victims?

The Pisces Eclipse Persons long for the feeling of being a fully developed Spiritual Person. They are to be "Spiritual Warriors". If they lose this connection, they could resort to the use of drugs, to duplicate the feeling they possessed when they were in a better Spiritual dimension. If they utilize drugs they, like the Scorpio Eclipse Person, could be living on the streets.

Each of the twelve Eclipse Persons speak words, in their daily lives, which reflect their Eclipse. Certain words, in our language, that refer to the Pisces specialty are "third-eye, eyeball, see, foresight, insight, hindsight, and eye of the heart." The Pisces-Mastery Person's eyes, which possess their specialties, are typically different because they can either be very large (so can the Gemini Sun Sign Person), somewhat glazed (without drugs), or luminous.

Frequently, this particular Eclipse Person could say, "feel" because of their "psychic feeling" abilities. They are rarely fooled by words or deeds that lack the "feeling" of sincerity. In Love or in music they "feel" deeply. Elvis was recognized as always being able to put "feelings" into all of his Love songs. Their Hearts can be touched to the degree that they "feel the fingerprints" their Lover left on their Hearts! Their type of feeling is a different quality than the Leo Eclipse Person has. However, when both their Eclipses are Leo and Pisces, the depth of their feelings is enormous, which is what Elvis possessed.

They have to heal all The People, fire, water, Earth, and the air, etc. They have the power to return our Earth to beautiful fields of colorful wildflowers, that only a Pisces artist could paint. Those Pisces Eclipse Persons, who have lost their way, paint houses the same color, all day,

for their living! Wouldn't that be a miserable job for a Pisces-Soular Person? If they would only color the world's drab buildings and replace its monotonous gross sounds with music!

Don José said, "To learn to see, to learn to hear, you must do this—go into the wilderness alone." Follow the tracks of the wild wolf because in the wild all of the senses are keenly alive; otherwise, how can anyone truly feel alive? The wolf is their type of animal because it is very Psychic. The wolf and the Pisces Eclipse Persons live similar lifestyles because they both require out-of-the-way abodes, where the freedom to experience different realms of perception, beyond daily life, are more possible.

Frederick Franck said, "Once the art of seeing is lost, meaning is lost and life itself seems ever more meaningless." He recognizes that "seeing" is a very special ability, which he terms "art"? This indicates that the ability to see the colors and the nuances of shapes, etc., is the ability to look at real life, as the art. If this becomes lost or if the real landscapes, rivers, etc., become lost then our intake of intelligence, which the eyes do for us, would cease. Furthermore, that loss would affect our understanding of life and therefore, life would be meaningless. The colors do more for us than we have recognized them for accomplishing! Bring on the colors!

How much power do colors possess? In 2003, the former Soviet Republic of Georgia's tyrannical ruler was overthrown, when the population marched with colorful flowers.

Pisces:

- A. Sensitivities (stop being insensitive).
- B. See how everything blends so that you allow yourself to "Go with the flow".

- C. Hear your inner voice for determining truth from fiction. You can ask yourself, "Is this useful to me?"
- D. Acknowledge your premonitions, intuitions, and dreams as helpers for you and others.
- E. Be a Seer. Some of your "sensitivity needs" should be learned from your own feelings, which sometimes can get confused with the feelings of others.
- F. Trust your fellow beings. Previously, you had lives where you overly categorized People. You dissected their personalities, to see their parts, so that you could trust only what you saw. You needed them to have set patterns of behavior so that life was in order. That gave you a safe feeling about them. Now, you need to allow them to be as they feel to express themselves.
- G. After you set aside your judgments of The Peoples' behaviors and trust them, you can become an excellent Intuitive Diagnostician.
- H. Stop criticizing yourself. You are on Earth to become more perfect, rather than to be perfect.
- I. Keep away psychic attack for yourself and others.
- J. Be an Earth Monitor, i.e., Environmentalist because you are the ultimate sensor for Mother Earth! Give warnings of danger to others!
- K. Be a Singer, Musician, Chef, and/or Artist. Recognize your "Gut feeling" and fine tune a car.
- L. Learn the sense of: Well-being, timing, direction, danger, survival, all the 5 senses expertly, and psychic. Learning the ways of the wolf will help you with these abilities.

- M. Learn that sensitivity is the ability to quickly and Masterfully ascertain or recognize what your senses communicate to you, as interpreted by your intelligence in the 6 senses of touch, hearing, tasting, seeing, smelling, psychic, and direction (for yourself in your life, as well as, geographically).
- N. Negative approach of learning your lesson is to become isolated and use drugs and/or alcohol in a false attempt to regain the correct Spirituality you want to feel and possess.
- O. Recognize and see the Spirit reality. Includes probable experiences with ghostwalkers.
- P. Refuse to do harmful deeds to other People because it "doesn't bother you"! Stop being dangerous to other Persons by being available to build nuclear power plants. Stop being used as if you are a piece of machinery, when you are a Person! Act like that which you are. Be sensitive to the word "hurt" and the hurtful experiences you initiate will stop. You will stop hearing how you "hurt" other Peoples' feelings or their bodies. Your drug and alcohol realities will quit "hurting" you and others at the same time. Quit being a junkie with drugs, as well as, with foods because you aren't junk! Be good!
- Q. Learn all the types of Psychic Communication. Just remember, it's beyond verbal!
- R. Stop labeling People as "crazy" because you respond to their normal behavior in an overly sensitive way.
- S. Refer to the paragraph in the Cancer Eclipse regarding enzymes.
- T. Be the ENVIRONMENT-HEALER-PSYCHIC-PEACE WARRIOR!

EPIC LOG / EPILOGUE

An Epic Log is a book that is made from a tree/log. Each of you is an Epic Log from your Family Tree! Your life is an “epic” journey.

Learning to take hold of one’s life is very difficult in a culture that values property over life. All of us need to consider that someone else’s opinion of us, doesn’t have to become our reality.

Living your life on purpose, rather than on low or on high, is critical to having a fully functioning life. Having your Life Map (your Life Dusty identified) gives you aid to enjoying the journey and will certainly help you to arrive at your goal in the shortest number of years possible.

Tour guides? Why have someone else do, what you can do for yourself? Chuang-Tzu said, “Wander where there is no trail.” This refers to each Person’s Soul-Life-Path being totally different than anyone else’s; therefore, each People Person, of the population of Earth, has a Life-Path that is un-paved. Riding the highways won’t necessarily get you to your Life-Path because this type of “Path” isn’t limited to only a Department of Transportation road.

Your Heart is your best guide, for your journey, because it speaks truthfully to you. Why else is your Heart your best guide? Because “the Heart is a lonely hunter.” It will find, for you, that which you are hunting for in your Personal Soul-Life-Path (your experiences and Teachers)! How can this be summarized? Identifying your Eclipses will insure your recognition/reminder about your Spiritual commitment. The message about your life is drawn on the “map of your palm” as your Life-Line. You wear your Soul's Life-Path but to travel, you access the truthful guidance from your Heart Path (Heart-Line on your palm's map).

Oscar Wilde wrote, “One’s real life is often the life that one does not lead.” Hakuin said, “Not knowing how near the truth is, we seek

it far away.” Each Person needs to realize the truth, about themselves, so that they live their real life. Getting to this level requires tremendous persistence and Soul-Life-Path Identification.

The Firesign Theatre said, “Everything you know is wrong.” Therefore, the quote from Lao-Tzu would be accurate, “True words always seem paradoxical but no other form of teaching can take their place.” And, Claude Bernard said, “Man can learn nothing except by going from the known to the unknown.”

How unusual can some of the unknown (unrealized) actually be, concerning wee, The Peoples, on Planet Earth? We have learned that “vitamin tablets” are in a bottle. What if the vitamins (life mind) that create your body actually creates a “Tablet of knowledge”? You, therefore, are part of a walking library because, collectively, your bodies are TABLETS (books). How do you remove your Book of Knowledge (that which you have Mastered) from yourself?

Writing and speaking are the exit ramps for your thoughts, which are linked to the information inside your cells. Writing frees you from resistance, from outside sources, so the information effortlessly flows! The word “knowledge” says that to know you need to go to the ledger. The “ledger” is the book, that is inside YOU or another Person. In this way, you will obtain information about yourself and others! The parallel imitation of your book of Light Ledger is the Tablets of Light (describes two books=“Double” Tablets). Be aware (awake) of those “Double” Books.

Your tablet or book (your body) is “your” Book of Life in which resides “the days of life” you will live on Earth! Reference to The Book of Life resides in the religious books where you are taught that the “One” book contains “the days of everyones’ lives.” This isn’t congruent with the facts your Before-Bearth Eclipses are showing you. Live your lives with good intentions and purposes, so that you will be freely alive to live all of it.

Are Eclipses all that you are? You aren't limited to Eclipses! You are multifaceted beings who contain the composite of all of the talents you, previously, throughout many lifetimes, did acquire. That which contains all of your records is your Soul.

The ancient Atlantean card deck of 52 cards can let you realize, how far each of you has progressed in your Soul Evolution. Presently, the book recognized as, Love Cards, by Robert Camp contains this information. Further, the books, The Secret Language of Birthdays, by Gary Goldschneider and Joost Elffers; The Life You Were Born to Live (numerology), by Dan Millman; Your Hidden Symmetry, by Jean Haner; Sex, Lies, and Handwriting, by Michelle Dresbold; Nine Star Ki, (the red trimmed book), by Michio Kushi (your Personal Body Chemistry which necessitates certain foods for you to be healthy); and, The Code, by Johanna Paunger and Thomas Poppe reveal other facets of yourselves. A good Sagittarius-Soular Eclipse Counselor is capable of helping you see the integration of your capabilities for the benefit of you and others.

The particular day you were born is never an accident. Instead, your Bearthdate is an enormous key, to locking or unlocking who you really are, what you are on Earth to do, and what types of abilities or inabilities you have, within yourselves. Can abilities be made more potent? Yes, definitely! They are made more potent if they simultaneously occur in the Eclipse, Love Card, Bearthday, Numerology, Chemistry, and Code!

Your Universety has been given to you so that most Persons who, currently, utilize a multifaceted false Persona, to hide their multifaceted truthful Person, will cease that misrepresentation. Otherwise, you will continue in interactions as "a stranger to a stranger", including those closest to each of you, in your Personal lives.

We will bid each other Aloha! Aloha recognizes in "Alo" the presence of your body and in "ha" the presence of your breath. This refers to all you possess, that is your "presence" in the presentation of yourselves. Only then, can you be validated, when you say that you are present (also, the gift/present of Life you were given on Earth) in your Portals of Dustuny on The Planet of Dustuny.

To you, The Rainbow Peoples, Aloha, and Happy Trails on all your journeys. LOVE, PEACE, TRUTH, and LIGHT to All Your Hearts!

I thank you,

Victoria Polonia (Seka)
